## PARALYSIS

**Among Infants' Epidemic in New York Being Fought by Cleanliness**

**STREETS ARE FLUSHED NIGHTLY**

**Garbage and Ashes Thrown Into the Streets**

**WILL RESULT IN ARREST**

**Five City Departments Are United In Fight to Check Disease—Ohio Authorities Do Not Fear An Epidemic Yet Are Taking Precautions—General Health Department of U. S. Co-operating**

(ASSOCIATED PRESS TELEGRAM)  
New York, July 10.—Rain and cooler weather failed today to materially check the epidemic of infantile paralysis, which, since its inception two weeks ago has claimed 258 lives in New York City. During the 24 hours which ended at 10 o'clock this morning, 14 deaths and 108 new cases were reported. Thirty of the new cases were in Manhattan, the largest number yet reported there in a single day.

(ASSOCIATED PRESS TELEGRAM)  
New York, July 10.—Five city departments united today in a campaign to keep the city of New York clean in order to check the epidemic of infantile paralysis. Hereafter during the prevalence of the disease, four million gallons of water will be used nightly in flushing the city streets.

The street cleaning department has been instructed to accelerate the removal of garbage, ashes and refuse thrown into the street in the congested districts and the mayor announced today he has directed the police department to arrest householders and storekeepers who indulge in this practice. The tenement house commissioner has been instructed to compel tenants to clean up the halls, stairways, cellars and yards throughout the city. In Brooklyn, where the epidemic has been more severe, the work of flushing the streets at night will be more than doubled.

**SITUATION IN OHIO IS LESS SERIOUS NOW THAN IN OTHER YEARS.**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 10.—The state board of health has made arrangements whereby it will be notified by Health Commissioner Haven Emerson of New York of any exposure of Ohioans to infantile paralysis in that city.

Thus far Ohio health officials have received no such notification. The United States public health service authorities, similarly will inform the state board here of exposures of Ohio children to the disease in other eastern cities.

Until their return to Ohio they will be placed under quarantine until the danger period is passed. The situation in Ohio at this time still is less serious than at corresponding times in other years. The state last year had 466 cases, of which 80 were fatal. Each year the disease is more prevalent in July.

## Orpet's Every Action After Girl's Death a Guilty One, Attorney for State Declares

(ASSOCIATED PRESS TELEGRAM)  
Waukegan, Ill., July 10.—Eugen M. Runyard, who hitherto has played a silent part in the prosecution of Will H. Orpet, charged with the murder of Marion Lambert, became the center of interest in Judge Donnelly's court today, when he made the opening argument for the state.

Orpet, the lawyer declared, was a sullen youth, vain and without character. His motives for the murder were plain, and, according to the attorney, his every act from the alibi letters to his flight from the Helm's woods on February 9, leaving Marion's body in the snow, was a guilty act. Marion, who had loved, and trusted and been betrayed, he said, was now in his hands. Her exposure meant exposure to Orpet; she stood in the way of his career; she stood in the way of his marriage to Celestia Youker, Mr. Runyard asserted.

August and September than in other months. For this reason an increase in the number of cases is expected for this month, according to James E. Bauman, acting secretary of the state board, and yet it will not be viewed as an epidemic unless the number exceeds considerably the normal.

**STATE CO-OPERATION IS BEING URGED TO COMBAT THE DISEASE.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 10.—A meeting of the general board of the United States public health service was called for today to consider means of promoting interstate co-operation in fighting infantile paralysis. Dr. William C. Rucker, assistant surgeon general, recommended that each person suspected of being a carrier of the disease be placed under observation, and that all railway passenger cars leaving New York where there is an epidemic of the disease be thoroughly cleaned.

The general board is expected to recommend a system whereby state or local health authorities can be notified of the destination of travelers who have been exposed.

**ZANESVILLE SWEEP FROM END TO END TO AVERT PLAGUE.**

Zanesville, July 10.—To save Zanesville's little children from the possible ravages of infantile paralysis, which has already reaped an appalling harvest in New York City, the Zanesville board of health began this morning to sweep this city clean from one end to the other. It is believed prompt co-operation of the board of health and citizens will avert an epidemic in this city. Members of the health board are convinced that the disease is born in filth, hence the campaign for cleanliness.

A corps of 10 workhouse prisoners will pounce on the old Hughes street dumping ground the first thing this morning and put it in a sanitary shape. This is said to be the most dangerous place in the city. This clean-up corps will be kept going until the health department is satisfied it has accomplished what it started out to do.

## VILLA BANDITS AGAIN MOVING TOWARD TEXAS

Washington, July 10.—A second warning that Villa bandits are headed for the Big Bend district of Texas was given to the state department today by Eliseo Arredondo, the Mexican ambassador designate. He told Acting Secretary Polk his government had given him definite information that the bandits were moving northward toward Boquillas, Texas, and promised co-operation of Carranza forces.

Mr. Arredondo said he had no information regarding the number of bandits or their distance from the American line. The first warning of their approach was given last week. The information was sent to the war department and forwarded to Major General Funston.

**HOSPITAL SHIP REPORTED SUNK; 7 LIVES LOST.**

Petrograd, Via London, July 10, 8:05 A. M.—The Russian hospital ship Vperode, the sinking of which in the Black sea with the loss of 7 lives was officially announced tonight, was proceeding without escort from Batoum to embark wounded soldiers. The Vperode was one of 858 tons and was constructed in 1895 with accommodations of 120 wounded.

## WITH THE NATIONAL GUARD ON THE TEXAS BORDER

Arrival of 2nd battalion, 71st N. Y. N. G. soldiers of 7th regiment, N. Y. N. G., in camp.

Many thousands of national guardsmen are now encamped on the Texas border, and more are arriving every day. The sudden change in temperature and the excessive heat have placed many of the guardsmen from northern states hors de combat, and they are all very glad that they will not be asked to go still further south and fight the Mexicans. Breaking in green horses and obstinate mules under a scorching sun, clearing ground, avoiding snakes, and trying to sleep without interference from scorpions are new experiences for most of the men.

## President Urges Business Men to Carry Justice and Fair Dealing Into All the World, Especially Mexico

(ASSOCIATED PRESS TELEGRAM)  
Detroit, July 10.—The opening sessions today of the first annual convention of the World's Salesmanship congress were expected to occupy a memorable place in the future history of the organization. The President of the United States, and several nationally prominent business men were on the program for speeches.

President Wilson aroused great enthusiasm by urging that business men carry justice and fair dealing into the ports of the world, particularly Mexico and thereby establish confidence in American principles. His efforts, he declared, will be to serve all America by serving Mexico herself for her best interests without using force, and not to serve the few "gentlemen" who wish to exploit Mexican possessions.

When the president asked the crowd what it desired at the end of all the present world troubles, it shouted "peace" in one voice and then he added that his wish was "permanent peace."

"I hear some men say," he said, "that they want to help Mexico and the way they propose to help her is to overwhelm her with force. That is the wrong way as well as the long way. After fighting them you would have a nation full of justified suspicion. Thus you would not help them. You would shut every door against you."

"What makes Mexico suspicious is that she thinks we do not want to serve, but possess her. And she has justification for these suspicions in the way some gentlemen have sought to exploit her possessions."

"I will not serve these gentlemen but I will serve all Americans by trying to serve Mexico herself."

"The way to establish our sovereignty is to respect hers."

The President added that he believed in the old Virginia bill of rights which declared that a country may do as it pleases with its own government.

This information the President said was for those gentlemen who would "butt in."

The President declared that the merchant marine, which some are "so slow in giving us," will be a great help to the business interest of the United States.

In order to gain foreign business, however, he added, it will be necessary for American business to adopt the goods to the demands of other countries and not try to force their own ideas on other markets. Salesmanship, he said, would go hand in hand with statesmanship after the close of the war.

publisher of the Des Moines Capital; Hugh Chalmers and Urvah Hawkins, of Detroit, delivered addresses. W. C. Redfield, secretary of commerce is to speak on present trade conditions and conditions after the close of the European war. The Iowa editor made a short speech about "Uncle Sam Salesman." Chalmers' address covered the broad theme of salesmanship.

"Today all up-to-date executives are pleading, not for more men but for more man," said Hawkins. "For more manliness, more manhood, because manhood is nature in the highest form. The manhood of Christ and not His divinity subdued Pilate."

President Wilson's party included Mrs. Wilson, Secretary Tumulty and Congressman Frank E. Doremus of Michigan.

As the party was driven to the convention hall a cannon thundered the presidential salute. A large crowd at the station welcomed President and Mrs. Wilson. Henry Ford, the manufacturer sent the President a message expressing confidence he would keep the United States out of war.

President Wilson promised today that he would deliver a platform speech at the union station in Toledo on his way back to Washington.

Although the route of the presidential special was to have been kept secret crowds were gathered at every station through which it passed last night and today. The President, however, did not appear at any of them and there were no demonstrations.

After speaking at the salesmanship congress, President Wilson was to hold a public reception. This afternoon he is to visit an automobile factory. He will leave for Washington at four p. m.

Great world changes which are now taking place, the President declared, will force the United States to take a more active part in world trade in the future.

"These are days of incalculable change," he said. "It is impossible for anybody to predict anything that is certain in detail with regard to the future either of this country or of the world in the large movements of business. One thing is perfectly clear and that is that the United States will play a new part and that it will be a part of unprecedented opportunity and greatly increased responsibilities."

Timidity must be cast aside by those who seek the world trade he said, and a knowledge of conditions of business and conditions "throughout the round globe" will be essential to success.

"No amount of mere push, no amount of mere hustling or to speak in the western language, no amount of mere rustling, no amount of mere active enterprise will suffice," he declared and later added, "in the relationship of nations with each other many of our antagonisms are based on misunderstandings and as long as you do not understand a country you cannot trade with it."

"Lift up your eyes to the horizons of business," he concluded. "I do not look too closely at the little progress with which you are concerned, but let your thoughts and your imaginations run abroad throughout the whole world, and with inspiration of the thought that you are Americans and are meant to carry liberty and justice and the principles of humanity wherever you go, go out and sell goods that will make the world more comfortable and more happy and convert them to the principles of American."

From the hall the President went to the Detroit Athletic club where he held a reception to members of the congress. Thousands of persons who were unable to gain admission to the hall stood along the streets outside the club and applauded him when he posed for motion pictures with Governor Ferris, of Michigan and others.

(Continued on Page 3, Col. 3.)

State-Wide Movement Proposed for Relief of Families of Guardsmen Who Go Into Service.

(ASSOCIATED PRESS TELEGRAM)  
Camp, Willis, Columbus, July 10.—Following a Sunday holiday of relaxation from drills and camp routine Ohio's national guardsmen today resumed their work of getting ready for border service. Mustering into the federal service was continued. It was expected that before nightfall, the first battalion of artillery would be taken into the federal service.

Major H. M. Bush of Columbus, commander of the artillery battalion, had his men ready for the physical examination and having passed this all were ready for the federal oath.

It is expected that during this week a state-wide movement will be started to establish funds to aid the families of guardsmen who are in the service. It is recognized that those with families dependent upon them must hesitate before taking the oath to enter the federal service. The war department order issued last week authorizing department commanders to grant discharges to men who present proof that there are others dependent upon them will act to obtain the release of a number of men but it is desired to retain as many men in the guard as possible and it is believed that these funds to aid dependents may assist in this.

## Dyestuffs on German U-Boat Reach America

**Wonderful Trip Made Across the Atlantic by Largest Submarine Afloat, Which, by Strategy and Daring, Ran the English Blockade in the North Sea and Came into Chesapeake Bay in Safety, Making an Unprecedented Record**

## CAPTAIN CLAIMS EXPLOIT BREAKS BRITISH SEA POWER

**Although Vessel is Absolutely Unarmed and is Claimed to Be Only a Peaceful Merchantman, British and French Embassies Officially Call Attention to Vessel's Presence in American Waters—It is Announced That Other Vessels of the Same Character Soon Will Follow With Cargoes of Merchandise That Have Been Sorely Needed By American Manufacturers and Merchants—Event Marks An Era in Sea Navigation.**

(ASSOCIATED PRESS TELEGRAM)  
Baltimore, Md., July 10.—Upon delivering his ship's papers to the office of the North German Lloyd line today, Captain Paul Konig of the submarine merchantman Deutschland issued a formal statement declaring his voyage across the Atlantic had broken England's rule of seas. At the same time the captain disposed finally of the report that he carried a message from Emperor William to President Wilson, saying there was no foundation for the story.

The statement, typewritten on the stationery of the Deutsche Ozean-Rhederei G. M. B. H., Bremen, announced that the Deutschland was the first of several submarines built for the trans-Atlantic trade and that she would be followed by the Bremen.

Following is the statement: "The submarine Deutschland, which I have the honor to command, is the first of several submarines built to order of the Deutsche Ozean-Rhederei G. M. B. H., Bremen. She will be followed by the Bremen shortly."

"The idea of the building of this submarine emanated from Albert Lohmann, then president of the Bremen chamber of commerce. He brought his idea in the fall of last year confidentially before a small circle of friends, and the idea was taken up at once. A company was formed under the name of Deutsche Ozean-Rhederei G. M. B. H. and Herr Germaniawerft, Kiel, was entrusted with the building of the submarine. The board of directors is composed of Mr. Alfred Lohmann, president of the board; Mr. Philip Heinke, general manager of the Nord D. Lloyd, Mr. Kommerzienrat, P. M. Hermann, manager of the Deutsche Bank."

"Mr. Carl Stapelfeldt, manager of the Nord D. Lloyd, has taken over the management of the company."

"We have brought a most valuable cargo of dyestuffs to our American friends, dyestuffs which have been so much needed for months in America, and which the ruler of the seas has not allowed the great American republic to import. While England will not allow anybody the same right on the ocean, because she rules the waves, we have by means of the submarine commenced to break this rule."

"Great Britain cannot, however, hinder boats such as ours to go and come as we please. Our trip passing Dover across the ocean was an uneventful one. When danger approached we went below the surface and here we are safely in an American port, ready to return in due course."

"I am not in a position to give you full details regarding our trip across the ocean, in view of our enemies. Our boat has a displacement of about 2,000 tons and a speed of more than 14 knots. Needless to say that we are quite unarmed and only a peaceful merchantman."

"Regarding things in Germany I may mention that there is really not the least anxiety for the British attempt of trying to kill by starvation a hundred million German and Austrian children and women and non-combatants, the most devilish plan ever tried by any nation in the world."

Captain Konig's own story of the Deutschland's voyage across the ocean was told to newspaper correspondents soon after he made public his prepared statement. He laughed at stories of his being chased far off his course by enemy vessels and declared that during the entire trip the vessel traveled submerged only about 90 miles.

## 3 Injured in Auto Accidents; John Lyon in City Hospital; Columbus People Taken Home

Three persons were injured seriously in two automobile accidents Saturday night and Sunday afternoon. One man is in the City Hospital in a serious condition while a Columbus man and his wife are under the care of a physician at their home.

John N. Lyon, 23, son of Mr. and Mrs. William Lyon, living two miles southeast of the city, suffered a broken shoulder and internal injuries, Saturday evening, when his Ford machine turned over at the end of the paving in East Main street.

Mrs. William Halstead of 495 Aldine avenue, Columbus, with her husband, were seriously injured on the Granville pike, one mile west of the city, Sunday afternoon, when their machine was struck by another car and hurled a distance of 12 feet over an embankment. Three other persons, occupants of the car, escaped with a number of bruises.

Mr. Lyon, according to witnesses to the accident, was driving east on Main street at a fast rate of speed, when the machine struck a small object or stone in the road and went into a ditch. Mr. Lyon was pinned beneath the machine. Bradley's ambulance was called and the injured man hurried to the City Hospital where he was attended by Dr. H. H. Postle.

This afternoon he was reported to be doing as well as could be expected, and the attending physician did not believe that the injuries would prove fatal.

Mrs. Halstead and her husband were one of a party of five Columbus people, who were driving west on the Granville road enroute to Columbus yesterday, when their machine was hurled over an embankment.

According to several witnesses, the Columbus machine was running at a reasonable rate of speed, when another, larger car, came up from the rear, and attempted to pass the machine. Mr. Halstead, seeing another car approaching from the west endeavored to avoid a collision and turned into the path of the machine behind.

The light Ford was caught by the rear wheels by the heavier touring car, and lifted over the 12 foot embankment near the Dig Way. The car turned over twice before it landed at the bottom of the incline and witnesses to the accident feared the persons in the car had been killed. When the car was lifted off the tourists however, it was found that Mrs. Halstead and her husband were the only ones who were injured seriously.

Both wanted to be taken to their home in Columbus instead of to a local hospital and another machine arriving on the scene of the accident a short time later, took the couple to their home. The damaged machine was brought into Newark by the Hess Garage company and repaired. Both the Lyon's and the Halstead machines escaped serious damage.

# Men of Newark

**CHARLES A. DUERR, THE ARCADE FLORIST AND RESIDENT OF** Granville, when a boy nine years old, first became interested in the many beautiful gardens in the town of Wurtzburg, Bavaria, Germany, where he was born and morning, noon and night at the Duerr home, so far as Mr. Duerr was concerned, the conversation was relative to flowers, and how the city's gardens could be improved. At school the Duerr lad was the leader in the study of botany, paying more attention to this study than any of the others. A few years later he was allowed to choose his life's vocation and of course botany won. At the age of 16 years he decided to visit America and engaged in the florist business to study conditions along this line of endeavor.

For three years he worked in Philadelphia and then the call of the Fatherland became so strong that he returned to Germany. But only for one year, however, as he was anxious to return to this country and engage in business for himself. So 13 years ago he again passed the statue of Liberty in New York harbor and a few days later arrived in Newark. He purchased a greenhouse at Granville, which he still operates and later when the Arcade was opened, he was among the first to engage in business there, opening an up-to-date flower store. His business has grown rapidly and today he has an auto delivery truck handling orders long after the store is closed to business. He is a member of the Florists' Telegraph Delivery Association of America, and also of the Florist and Horticultural Society. Fraternally he is a member of the Eagles, Moose, Red Men, and the American Order of Apes.

## FRENCH ADVANCE ACROSS PLATEAU TO THIRD LINES

**NEW DRIVE HAD BEEN PREPARED BY TWO DAYS' BOMBARDMENT.**

As Soon as the Rain Stopped the Infantry Assault Began Along 2 1-2 Mile Front.

Paris, July 10, 11:15 A. M.—The French have advanced their line south of the Somme a mile and a half, capturing the German third positions along a length of three and one-half miles and are now within a mile of Peronne. French critics believe that the capture of Peronne now is a question almost of hours.

Under the systems of interlocking echelons it was the turn of the right wing to push forward the other echelons on the center and left being saved to effect the move required of them. The troops south of the Somme apparently had made good use of their breathing spell. When the word was given they moved forward with the precision of a well oiled machine. They swept across the northern end of the two plateaus, which face Peronne, clearing out the German positions and establishing themselves solidly in the trenches, which had been turned into quagmires by the combined efforts of bombardments and incessant rain.

The Germans offered the best resistance they could, but the French artillery has been keeping up a formidable drum fire upon their lines of communication making it almost impossible for them to get either reinforcements or food in suitable quantities.

The new French drive south of Somme river had been prepared by artillery bombardment for more than two days and the completed system of German defenses in the

## Strong, Vigorous Keen Minded Men and Women Are Wanted

The Mighty Power of Liquid Ironodol to Turn Nervous Shattered, Run-down Men and Women into Healthy, Happy, Ambitious Beings is Truly Astonishing.

Drink a half wineglassful of plain Liquid Ironodol in hot or cold water first thing in the morning and before going to bed at night, and in a short time you will feel as the perfect athlete feels; strong, vigorous and full of priceless ambition.

Don't make the mistake of thinking that iron is all that is necessary to make you strong and vigorous. Nothing could be more erroneous. Iron must be taken with other strength giving agents mixed in the proper proportion.

Liquid Ironodol contains just the kind of iron that is readily assimilated and quickly gets into the blood. In addition to iron it contains roots and herbs, and this combination,

## OLD-IRISH BILL AGAIN TAKEN UP BY PARLIAMENT

(Associated Press Telegram) London, July 10.—At a moment when public interest is centered on the battles proceeding on the eastern and western fronts, parliament is again taking up the century old Irish bill. After weeks of negotiations which led to the resignation of the Earl of Selborne as president of the board of agriculture and the partial reconstruction of the ministry, the cabinet has reached an agreement, the terms of which Premier Asquith is to explain this morning. To hear the premier's statement virtually all the members of the house of commons except those serving at the front are in London. The settlement already has been endorsed by the Nationalists and Ulster parties but is opposed by a small section of the Unionists, of England and South Ireland.

The terms of the agreement in general are known but members of parliament were anxious to learn what inducements had been offered to the Marquis of Lansdowne, Lord Robert Cecil and Walter Hume Long, who offered their resignations from the cabinet to remain with the government.

### DYESTUFFS

(Continued from Page 1.) getting out of our course. Besides it is much easier to submerge.

"We came to Hampton Roads by the straightest course from the English channel. We did not come by way of the Azores. Altogether from Helligoland to Baltimore we covered 3800 miles. Of that distance 90 miles were driven under the surface of the water. The Deutschland is built to stay under water for four consecutive days, so you see we never reached anywhere near our submergence limit on this voyage.

"The ship is much easier to ride in than a torpedo boat destroyer; much steadier. Nothing can happen to her, she is so perfectly built. Of course she rolls a little at times but that is no hardship.

"We will go back again carrying whatever cargo there is for us take. And we can go without taking any more oil here. We have enough left to take us home. And I want to say that it will be just as easy to go back as it was to come over. How soon we shall leave I do not know but we will be ready as soon as we get a cargo."

Captain Konig said that the Deutschland was built for submergence to a depth of 300 feet but that it was seldom necessary to go more than fifty feet below the surface.

### (Associated Press Telegram)

Baltimore, July 10.—Definite announcement that the great German submarine Deutschland, which arrived in Chesapeake Bay yesterday, is the first of a fleet of such craft built to ply regularly in the trans-Atlantic trade was made here early today by Captain Paul Konig, master of the super-submarine.

"This is not the only one that is coming," said the captain. "Just wait. There will be more here soon, and we are going back for another cargo. We are going to have a regular line."

It was to port officials that the captain talked, as his vessel was preparing to move up to dock from the lower harbor, where she dropped anchor at 11 o'clock last night at the end of her memorable voyage across the Atlantic through lanes of vigilant enemy warships. He spoke freely to the officer and laughed over his feat. To newspapermen shouting questions over the ship's side, he was not so communicative, explaining that a formal statement would be issued later.

All during the night a considerable part of the Deutschland's crew had been astir and a small searchlight played almost constantly upon a newspaper yacht anchored nearby. The tug Thomas F. Timmins, conveying the submarine, also kept the yacht under close surveillance.

Shortly after 4 o'clock, when daylight was beginning to show faintly through heavy low-lying clouds and a steady drizzling rain, a boat with health and customs officials aboard put out from the quarantine station and went alongside the submarine. To the municipal health officer, Dr. Thomas L. Richardson, the skipper presented his bill of health, issued to him by William Thomas Fee, United States consul at Bremen on July 4.

The document describes the Deutschland as "a vessel engaged in the freight trade between Bremen and Boston or other eastern Atlantic ports." It records her gross tonnage as 791, says she is "newly built," has a cargo of dyestuffs in good condition and a "wholesome supply of water from the Bremen waterworks."

One thing the boarding officers noted particularly—there were no torpedo tubes or guns of any description visible aboard the vessel. They had been told that she mounted two small calibre rifles for defense, but came ashore convinced that the visitor was wholly unarmed.

It was learned that the boat left Bremen with her load of about 150 barrels of valuable dyestuffs which her owners hope to sell to American manufacturers for a fortune. At Helligoland she waited nine days, leaving there June 23 to plough deep beneath the surface of the North sea to escape the watchful eyes of the allied blockaders. Captain Konig intimated that the purpose of his long delay at Helligoland was to deceive the enemy who undoubtedly had heard rumors of the submarine's coming, with a broad smile. This accounted for the belief in the United States that the vessel was a week overdue, a misapprehension that caused German embassy officials to fear that she had run into allied warships or fallen victim to an Atlantic storm. Once outside the blockading lines and into the Atlantic, according to the captain's story, he headed straight across and only

deviated from his course once when he saw what he thought was an enemy warcraft. Most of the time he sped along on the surface, making around 14 knots an hour with his powerful twin Diesel oil engines.

Submerged he could go at the rate of 7 1-2 knots.

Approaching the capes late Saturday, Captain Konig found his path apparently clear. He laid to with his decks awash, however, waiting until darkness fell before heading the coast. As the bright half moon went down, shortly after midnight, he put on all speed and shot between the Virginia capes, to be greeted by the tug Timmins, sent there more than a week before to await his coming.

On board the submarine are the captain, first and second officers and 26 men, all wearing the regulation uniforms of the German mercantile marine, with the North German Lloyd insignia upon their caps. The skipper is a trim, slightly built man of medium height, around forty-years of age. Two of his seamen are grizzled old tars, but all the rest are youths apparently ranging from 18 to 23.

When the vessel was released from quarantine she moved up the river to the pier of the Eastern Forwarding company six miles away to a carefully guarded waiting berth. On the way up she passed a dozen merchant men lying at anchor. The first, a big Norwegian freighter, dipped her flag and her whole ship's company lined against the rail and gave three rousing cheers which were answered with a will. With another Norwegian and two Dutch ships the submarine exchanged formal salutes. She moved close by a number of British tramps in silence, observed with eager interest by the English crews.

At the dock the boat had hardly been tied before an army of newspaper men and movie picture photographers stormed the place. They were not permitted to get near the Deutschland, protected by a barbed wire stockade and numerous guards, but Captain Konig soon appeared on the shore and cheerfully posed before the cameras.

"Better hurry up I have not had my breakfast," he remarked in excellent English, with only the slightest trace of a Teutonic accent. He stood smilingly in the rain, wearing blue flannel trousers stuffed into leather sea boots, a dark gray leather coat, gauntlets and a jaunty set cap. When the photographers gave him a rest he held a sort of impromptu reception shaking hands with everybody and telling how glad he was to be in an American port.

Later he was persuaded to bring out his crew. The grinning youngsters brought with them a large green board taken from the stern of the ship on which was painted in big silver letters "Deutschland-Bremen."

Grouped about the board, with their skipper in the center, the sailors posed until Captain Konig said it was time to eat. A force of longshoremen was ready on the dock to begin unloading the cargo which is to be shipped as soon as possible by the Eastern Forwarding company to the purchasers, the New York Chemical company.

Probably a day or two will be required to discharge, then the submarine will take on the crude rubber and nickel consignments already stored in the pier warehouses for her return trip. When the start back across the Atlantic will be made of course is problematical.

An official of the forwarding company said today it might be two weeks or it might be a month but it was not denied that no advance notice would be given and that the vessel would make her way out of the capes whenever and wherever the opportunity might offer to elude the enemy patrols which undoubtedly will be scouring the Virginia coast waiting for her to appear.

Captain Konig, when about his preparations for entering the custom house without hurry or unusual formality just as though his boat were an ordinary freighter. He did not seem to be worried over reports that the American authorities would carefully investigate his case to determine whether the Deutschland should be rated as an ordinary commerce carrier. The story that the Lake Torpedo Boat Company was preparing to libel the submarine on the ground that her construction infringed upon its patents apparently did not interest him.

Interested by Dr. John C. Travers, assistant health officer, who was taken through the boat by Captain Konig, the Deutschland's interior appears to be mainly a mass of machinery. She has but one deck below, and a 17-foot depth of hold for her cargo. Dr. Travers descended through the forward hatch where he found the crew quarters, bunks on either side of a narrow passageway leading to compartments occupied by the captain and his two officers. The captain's room is scarcely six feet square and barely high enough for a man to stand. It is furnished all in metal with the exception of a small oak desk. Directly beneath the officers' quarters is the dynamo, which stores electrical energy to drive the vessel when submerged. Next Dr. Travers was taken into the officers' mess room, scarcely larger than the state rooms, with a galley built with all the economy of space of a Pullman dining car kitchen. At the rear of the room, about one-third the ship's length from her stern, is the submerging machinery and periscopes.

"I never saw such a mass of machinery in my life," said Dr. Travers. "It was an amazing sight and I doubt if it would mean much except to the engineer who designed it. There seemed to be five thousand different pieces, an inexplicable tangle of burnished copper and glistening steel."

Aft of the submerging machinery were the submarine's two powerful

Diesel oil engines which propel her on the surface.

Both in the crew's and officers' quarters were phonographs and stacks of well used discs.

Captain Konig told the doctor that while on the surface, the noise of the machinery was almost deafening. When submerged, said the skipper, she moves almost silently and then we enjoy ourselves.

Dr. Travers was permitted to look through one of the periscopes and declared that he could see the surrounding scenery, greatly magnified, with amazing clearness.

"The device was adjustable," he said, "for both long and short distance observation."

Dr. Travers emerged through the conning tower, holding in his hand two loaves of German war bread presented by the captain as a souvenir. Canned meats and fruits were the crew's staple food and with the exception of their loss of weight due to the oily atmosphere the opinion of the health officers, the crew to a man was physically fit.

"I never saw better set up men than these," said the doctor.

Both health officers congratulated the submarine's commander on his feat and remarked that it had been many long months since a ship flying the German merchant flag had arrived at Baltimore.

All of her 315 feet of greenish gray hull was standing well above water as the Deutschland was towed to her dock. It was before 7 o'clock in the morning and rain was falling steadily but there was a big eagerly curious crowd waiting. Old water front salts and landsmen alike gazed with open-eyed wonder. The big craft appeared like some giant fish of the deep, with low periscopes for eyes. Her main superstructure reached full fifteen-feet above the water line. Amidships the conning tower extended still higher and above all towered the major periscope. On the starboard side an emergency periscope was ready in case the other failed.

Three hatchways lead below decks, one forward, one aft and the main hatchway extending through the conning tower amidships.

Extraordinary precautions have been taken to protect the Deutschland.

As soon as she reached her dock an army of guards drove away all river craft and a huge chain of logs was drawn around her to prevent vessels from approaching within a hundred feet of the ship. On the landside of the dock a high board fence reaching far into the river had been erected. On top of the fence are half a dozen rows of heavy barbed wire and curtained with burlap to shut off all view. No one without a permit was allowed near the entrance to the dock.

"My orders are from my home government," said Captain Konig. "No one can go aboard without authority. I am sorry I would like the whole world to see."

Persons who talked with Captain Konig are authority for the statement that the only arms of any description aboard the Deutschland are four automatic pistols belonging to the officers and a sportsman's rifle used for firing rockets.

The gigantic German merchant submarine Deutschland, ended her voyage across the Atlantic at 8:40 this morning when she was docked at the pier of the Eastern Forwarding company on the outskirts of Baltimore.

The submarine left quarantine at 5:30 a. m., after the health officers had boarded the craft and given permission to proceed.

### VERY VALUABLE

Dyestuffs Aboard Submarine Worth \$4,000 to \$6,000 Per Ton.

(Associated Press Telegram) New York, July 10.—The arrival at an American port of German submarine and the possibility of establishing a carrier service between the United States and the blockaded Teutonic nations has aroused particular interest here among persons who have suffered from their inability to send to Germany and Austria-Hungary money and legal documents. It was said today that if the submarine returns home she will carry an important consignment of bank drafts and legal papers of various kinds.

Ordinarily \$150,000,000 a year is sent from this country to Austria-Hungary but with the war this fell off to \$15,000.

The settlement of at least a dozen estates now in the surrogate's court here has been held up because it was impossible to send or receive the necessary legal documents to or from the cities of the Central Powers. Mortgages have been foreclosed because it was impossible to obtain the interest due from holders in Germany and Austria-Hungary. This effect of the blockade has been felt in all the cities of the United States where there is a large Teutonic population.

William J. Mattheson, president of the Cassella Color company, one of the firms to which the dyes aboard the Deutschland are consigned, said: "I was told about the submarine about a month ago, but in a most mysterious way. Word was passed along from mouth to ear and even now I could not tell you from whom I got my information. I know, however, that if any dyes were shipped, I should get some of them. We have had orders for dye supplies in Germany every since the war began and have had our money there to pay for them."

"As to the value of the cargo I could not say. The value of the dyes depends on how highly concentrated they are, and it is likely that they are in a very highly concentrated form. I would guess that one pound of the dyes in the submarine would be equal to two pounds of the standardized dyes."

Upon the estimate of Mr. Mattheson it seems that the dyes aboard the submarine are worth between \$4,000 and \$6,000 a ton.

### RETURN VOYAGE

With Cargo Will Undoubtedly be Hindered by Germany's Enemies.

(Associated Press Telegram) Washington, July 10.—The fact that boarding officers found the German merchant submarine Deutschland

## SPECIALS

WEL BRING B. & O. EMPLOYEES  
TO NEWARK FROM MANY  
DIVISIONS.

Who Will Witness Safety First Pic-  
ture Tonight—Local and Gen-  
eral Railroad News.

The big "safety first" rally among  
the employees of the Baltimore &  
Ohio railroad company of the New-  
ark division and exhibit of the  
"safety first" picture, entitled "The  
House That Jack Built," will be held  
this evening at the high school au-  
ditorium. The performance is  
scheduled to begin promptly at 7:30  
o'clock and every member of the  
Newark division, and his family is  
urged to be in attendance.

Special trains from Wheeling will  
be run to this city late this afternoon  
by the company for the benefit of  
the men and passenger train No. 10  
from Sandusky tonight will be  
equipped with extra coaches to take  
care of the men from the Lake Erie  
division. Train No. 21 to Chicago  
tonight will be equipped to  
take care of the employees on their  
return.

A special program has been ar-  
ranged and will be given by a high  
class orchestra conducted by Henry  
Rosebrugh.

Several officials of the Baltimore  
& Ohio railroad company who are  
deeply interested in the safety first  
movement will be present and deliv-  
er addresses along safety first lines.  
Hundreds of out-of-town employees  
of the company are expected here  
tonight, according to the number of  
requests made for passes.

"The House That Jack Built,"  
picture is being shown to the em-  
ployees under the auspices of the gen-  
eral safety committee of the com-  
pany and where it has previously  
been shown favorable newspaper  
mention has been made by prominent  
theatrical critics. The entertainment  
tonight promises to surpass anything  
of its kind in local railroad circles  
and the employee failing to attend  
will miss a rare treat.

Cleveland, 5; Newark, 3.

The long trip to Cleveland yester-  
day morning was too much for the  
local Baltimore & Ohio division team  
and consequently when they left the  
Sixth City last night, there was no  
hand to bid them "good speed."  
Cleveland won by a 5-3 score. The  
locals on two trips to distant cities  
this season have been unable to play  
the class of ball of which they are  
capable, but when the teams come  
to Newark they are usually sent  
home with the short end of the  
score.

Yesterday's game was fast and af-  
ter the first two innings, when on a  
couple of hits and a few wobbles by  
the Newark players, the Cleveland  
aggregation plied up a five run  
lead. Then the Newark team settled  
down but was not heavy enough with  
the stick to overcome the Cleveland-  
ers lead.

Troop Trains Enroute.

A number of troop trains enroute  
from the east to the Mexican border  
passed through Newark today via  
the Pennsylvania lines. Interest in  
the movement of the troops has be-  
come somewhat lack in this city as  
the crowds at the station a week ago  
to see the trains have fallen off and  
only a few regulars were on hand to-  
day.

Show Diebands.

The Baltimore & Ohio and the  
Pennsylvania railroad lines yesterday  
handled the members of the Nancy  
Boyer Stock company to all parts of  
the United States. The company dis-  
banded after their week's engage-  
ment here last week, and the mem-  
bers left yesterday for their homes  
to enjoy their vacation.

Sunday's Excursion.

A number of Newark people Sun-  
day took advantage of the Newark  
to Parkersburg excursion and four-  
eyed to the West Virginia hills for  
the day. The train left here early  
yesterday morning and returned last  
night. No accidents were reported  
on the trip.

Staff Meeting Today.

The regular weekly staff meeting

WHAT A MOTHER SAYS!

Vienna, Ohio.—"I am glad to write  
in regard to what Dr. Pierce's Pre-  
scription has done for me. I  
am the mother of two children.  
I took three  
bottles of 'Fav-  
orite Prescription'  
and was helped  
greatly. Am sending  
the picture of my  
four-month-old baby girl.

"I will gladly recommend Doctor  
Pierce's medicine." Mrs. Emma  
Maximan, South Vienna, Ohio.

Lowell, Ohio.—"I made up my mind  
Dr. Pierce's Favorite Prescription was  
just what I needed and I used about  
two bottles. I had had an abscess  
and after operation wanted a good  
medicine. I was low spirited, had the  
tired-out feeling and was nervous.  
This medicine helped to put me on  
my feet. My weight went up from  
120 to 155 lbs. I have never taken  
any remedy that did me so much good  
as this. I am only too glad to recom-  
mend it."—Mrs. Sarah Donaldson,  
R. F. D. 1, Lowell, Ohio.

Doctor Pierce's Favorite Prescription  
cures weak and aching backs, head-  
aches, nervousness and other womanly  
ailments by curing the womanly dis-  
eases which cause them. It makes  
weak women strong, sick women well.

Dr. Pierce's Favorite Prescription is  
a remedy that any ailing woman can  
safely take because it is prepared from  
roots using pure glycerine instead of  
alcohol, and is not a secret remedy for  
its ingredients are printed on wrapper.

Get it to-day, either in liquid or  
tablet form, or write to Dr. Pierce, In-  
valids' Hotel, Buffalo, N. Y., for a free  
book on woman's diseases.

Constipation cures and seriously ag-  
gravates many diseases. It is thoroughly  
cured by Dr. Pierce's Pellets. One a  
laxative; two or three a cathartic.

of the officials of the Newark divi-  
sion of the Baltimore & Ohio rail-  
road company was held this morning  
in the offices of Superintendent Don-  
ald F. Stevens.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if  
Back hurts or Bladder bothers—  
Meat forms uric acid.

We are a nation of meat eaters  
and our blood is filled with uric acid,  
says a well-known authority, who  
warns us to be constantly on guard  
against kidney trouble.

The kidneys do their utmost to  
free the blood of this irritating acid,  
but become weak from the overwork;  
they get sluggish; the eliminative  
tissues clog and thus the waste is  
retained in the blood to poison the  
entire system.

When your kidneys ache and feel  
like lumps of lead, and you have  
stinging pains in the back or the  
urine is cloudy, full of sediment, or  
the bladder is irritable, obliging you  
to seek relief during the night; when  
you have severe headaches, nervous  
and dizzy spells, sleeplessness, acid  
stomach or rheumatism in bad  
weather, get from your pharmacist  
about four ounces of Jad Salts; take  
a tablespoonful in a glass of water  
before breakfast each morning and  
in a few days your kidneys will act  
fine. This famous salts is made  
from the acid of grapes and lemon  
juice, combined with lithia, and has  
been used for generations to flush  
and stimulate clogged kidneys, to  
neutralize the acids in urine so it is  
no longer a source of irritation, thus  
ending urinary and bladder dis-  
orders.

Jad Salts is inexpensive and can-  
not injure; makes a delightful ef-  
ervescent lithia-water drink, and  
nobody can make a mistake by tak-  
ing a little occasionally to keep the  
kidneys clean and active.

## CLEAN-UP

OF OHIO CITIES IS PROGRAM  
OF STATE FIRE MARSHAL  
BERT B. BUCKLEY.

Toledo Begins a Week of Fire Pre-  
vention Methods Work That Of-  
ficials Will Observe Closely.

(Associated Press Telegram)

Columbus, July 10.—In pursuance  
of State Fire Marshal Bert B. Buck-  
ley's program for a "clean-up" of  
the cities of Ohio, Assistant Fire  
Marshal C. Jesse Taylor, J. L. Jen-  
kins, J. C. Irvine, W. S. Resco, J. D.  
Scheckler, R. A. Perry, Frank Rich-  
ards, J. J. Finucan and J. C. Brister  
went to Toledo today, where, under  
direction of Assistant Fire Marshal  
Walter Payne, in charge of the To-  
ledo district, a "clean-up week"  
will be conducted in co-operation  
with city officials and fire depart-  
ments.

Plans for the week have been in  
operation for some time and at a  
preliminary clean-up, conducted by  
Fire Marshal Payne and several as-  
sistants, 6,000 loads of rubbish were  
removed, which so impressed the To-  
ledo officials that this week's cam-  
paign was decided upon.

The city has been sub-divided and  
each assistant marshal has a section,  
which he will tour accompanied by  
policemen and firemen. Notice will  
be served on those whose premises  
need cleaning and buildings that are  
found to be fire menaces will be  
ordered repaired or razed.

A Citizens Clean-up commission  
has been organized at Toledo and the  
entire city has entered into the State  
Fire Marshal's clean-up program  
with enthusiasm.

In connection with the clean-up,  
all the picture theatres of the city  
are undergoing inspection by Elec-  
trician May of the Fire Marshal de-  
partment and a sanitary survey of  
the city by an expert is to be made.

Fire drills in the public schools,  
which Fire Marshal Buckley recently  
inaugurated also are being conduct-  
ed in Toledo.

## FIRST EXERCISES UNDER NEW LAW AT CROTON, O.

(Special to The Advocate)

Croton, O., July 10.—The first  
annual eighth grade promotion ex-  
ercises of the Bennington township  
schools, since the new school law  
became effective, were held Friday  
evening at the Bennington church.  
A large crowd listened to the fol-  
lowing program by the class com-  
posed of three boys and four girls:  
"What the Farmers Say," Nora  
Moreland; "Benjamin Franklin,"  
Lyndie Hatfield; "A Neighbor's  
Call," Clara Runnels; "Where Do  
You Live?," John Quick; "Ohio,"  
Gladys Hatfield; "Keep Trying,"  
Lee Shipley.

The Rev. Mr. Mitchell of Croton  
assisted in the exercises. The class  
address was given by Superintendent  
Charles W. Cookson of Troy. The  
music was furnished by the Hatfield  
orchestra.

The board of education of Ben-  
nington township composed of  
Messrs. Shipley, Dennis, Stout, Hat-  
field and Melick certainly went on  
record on this occasion as standing  
for high intellectual standards, and  
are to be congratulated for the kind  
of work done. Much credit is due,  
also, the teachers of the township  
for their loyal work during the past  
year, and particularly to Mr. O. W.  
Nash, who had practically full charge  
of the local situation. The class ad-  
dress was of a very high order, many  
saying it was the best they had ever  
heard.

The French wine harvest of 1915  
amounted to 18,100,790 hectoliters,  
compared with 56,134,159 hecto-  
liters in 1914.

## STUBBORN CASE

Mrs. Harris Was So Weak She Was  
Unable to Walk. Two Bottles  
of Tanlac Fixed Her.

Mrs. Bertha Harris, Toboso, says:  
"I had stomach and bladder trou-  
ble, was so weak I was unable to  
walk, was dizzy and run down, could  
not sleep, but two bottles of Tanlac  
fixed me. I sleep fine and am feel-  
ing better than I have for a long  
time."

Tanlac is demonstrated at Hall's  
Drug Store and is for sale at Utica  
by P. H. Richardson, Fataksala by  
J. R. Strine, Granville by W. P. Ul-  
man, Johnstown by C. S. Howard,  
Hebron by J. W. Haines, Hebron by  
Hebron Drug Store, Centerburg by  
E. B. Walter and Alexandria by C.  
M. Gilmore.

clusive wholesale distributors. (Adv.)

## FARM LOANS

Are Wanted by the Buckeye State  
Building and Loan Company,  
Rankin Building, 22 West Gay  
street, Columbus, O.

1. The Buckeye gives the best  
terms.
2. And most privileges
3. To borrowers.
4. Also the lowest rates.
5. Write for information.
6. Borrowers can pay back in  
whole or in part at any time.
7. Assets, \$11,300,000.00.
8. Write or call for information.

Her Silence.

Young Aldrich was waiting in the  
parlor for his loved one to appear,  
when her small brother came in and  
took a seat.

"Well, Chester," said Aldrich,  
"what did your sister say when you  
told her I was waiting?"

"Why, she didn't say nothing,"  
replied the small brother. "She just  
took a ring off one finger and put it  
on another."—Lito.

# Important Announcement

AS was declared by the militant fram-  
ers of the Declaration of Indepen-  
dence, "when in the course of human  
events it becomes necessary," etc., so with  
us at this time it becomes necessary to make  
a frank statement to the people.

For over fourteen years have we lab-  
ored diligently and conscientiously, tailor-  
ing to order clothes of high quality, at the  
standard price of \$15. At all times our per-  
centage of profit has been very small and  
never have we permitted our quality to be  
lowered in order to make excessive profits.

When the European war broke out we  
anticipated a sharp advance in the price of  
raw materials. We therefore entered the  
market placing advance orders for large  
quantities of all kinds of merchandise, en-  
abling us for over a year to turn out our  
standard product and still make a reason-  
able profit.

But, as all kinds of materials kept ad-  
vancing in price, our profits correspond-  
ingly diminished so that for the past few  
months we have actually operated without  
profit in order to maintain our reputation.  
We did this hoping that conditions would  
again adjust themselves to a point where  
we could continue producing as high a  
standard of clothes as heretofore at the  
same price.

Now, we are sorry to state, and as ev-  
eryone knows, instead of conditions improv-  
ing and the market getting lower, the situa-  
tion is becoming much worse and prices of  
all kinds of supplies are advancing by leaps  
and bounds with no immediate prospects of  
their relaxing until some event takes place  
that will readjust the entire commercial  
structure the world over.

We are, therefore, confronted with the  
alternative of either reducing our high  
standard of quality or increasing the price.

After very mature consideration and  
consultation with friends and patrons we  
have determined that our duty to our pa-  
trons demands that we adhere strictly to  
our standard of quality. We have there-  
fore decided to increase the price a sum  
sufficient to cover the actual increase in the  
cost of raw materials.

In order to give the people the benefit  
of the materials on hand we will continue  
tailoring clothes at our standard price of  
\$15, no more, no less, up to and including  
August 31st.

Beginning September 1st we shall  
therefore advance our price to \$17 and this  
will be the standard copyrighted and paten-  
ted trade mark of this institution:

ESTABLISHED 1903  
ALL SUITS \$17 NO MORE  
ALL OVERCOATS NO LESS  
MADE TO ORDER MADE TO FIT

Acting upon our fundamental principle  
that "honesty is the best policy" we are ac-  
tuated to take this serious step. We do so  
with the utmost confidence in the fairness  
and justice of the people and with the firm  
conviction that they will assist us in main-  
taining that high ideal of quality which has  
built up this institution.

THE UNITED WOOLLEN MILLS CO.

By

*W. H. Versch*

President

## J. C. BUTT FOR COMMISSIONER

THE ABOVE IS A PEN DRAWING FROM A RECENT PHOTOGRAPH  
of J. C. Butt, Democratic candidate for commissioner. He was  
born and raised on a farm in Monroe Township and has lived all of his  
life in the west end of the county. Mr. Butt or "Jack" as he is com-  
monly called among his neighbors and friends, is a well-to-do and pro-  
sperous farmer and is highly capable of filling the office of County  
Commissioner. He is a man who has had quite a wide experience in  
business affairs. He was elected Township Trustee for three terms and  
has held other important township offices of trust. "Jack" has been a  
consistent and hard working Democrat and has never held county office.  
He was fourth man in the race for Commissioner four years ago. He  
therefore, feels that his is entitled to the nomination this year. Jack  
Butt stands on the platform of the Licking County farmer. He favors  
that which is for the best interests of the farmer. He is for good roads of  
the proper kind and construction and favors reasonable and substantial  
public improvements.

He says, if he is elected, he will faithfully and honestly discharge his  
duties as Commissioner and endeavor to see that all of the people of  
Licking County have a square deal and a hearing in the Commissioners'  
office.

ESTABLISHED IN 1920

Entered as Second Class Matter  
March 10, 1912, at the postoffice at  
Newark, Ohio, under the Act of March  
3, 1879.

It is never a good plan to swap  
horses while crossing a stream of  
water—Abraham Lincoln.

**Proposed Amendment.**

The Ohio Federation of Labor, through its executive committee, has authorized the submission of a constitutional amendment to forever prohibit the operation of employer's liability companies in the state, and to secure to the state a non-competitive as well as a compulsory workmen's compensation law. Former Attorney General Timothy S. Hogan has been retained to draft the amendment and it is hoped to have petitions in circulation within ten days. Former Governor James H. Cox has pledged his support to the movement.

It has been generally recognized that the intent of the framers of the present law had in mind the elimination of competition in workmen's compensation, because of wrongs perpetrated in the past by private companies engaged in the employer's liability business. Legal question has been raised. Now the constitutional inhibition is sought which will remove the question from further quibbling.

Students of insurance have agreed that compensation is of a social nature and can be handled properly only by the state. It differs from fire, life and straight accident insurance, which is of a property relation and subject rightly only to individual contract. For this reason it has developed that the employer's liability insurance companies have been having a hard time in having the fire, life and accident companies borrow trouble by coming to the defense of those who brought their trouble on themselves.

**War and Household Service.**

It is estimated that 100,000 housemaids could be placed at once in American homes that are clamoring for them. Ordinarily the shortage in domestic help has been made up from the throng of alien girls that come crowding in from Europe. The war has cut off this supply. It is to many women what the shortage of chemicals is to the industries.

As the manufacturer has learned resourcefulness, so the home has to adapt itself to new conditions. Now is the time for young hands. There is no good reason why the mothers should be baking bread while their daughters are at the parties. What are all these Home Economics Clubs, but a return to the days of grandmother's girlhood, when the arts of the home were early and easily taught to the youngsters?

It has been too bad that these girls, when they grow up, undervalue this training, and preferred that their children should give their time to pleasures the older ones could not have. They seemed to place higher values on slight smatterings of music, painting, fancy work, and social polish, than on the higher culture of ministering to the needs of the family circle.

Romain Rolland has said, "A woman is in possession of all her

**ASTRONOMICAL EVENTS.**  
Planets rise, p. m., Saturn, Venus, Mars, a. m., Jupiter, Mercury. Sun on the meridian of Washington at 5 minutes 2 seconds after 12 o'clock.

**Teeming Prosperity Under Wilson Stands in Contrast With Torpor Four Years Ago**

The nation is at work. The nation is at peace. The nation is accomplishing the destiny of Democracy. Four years ago the nation was not at work. With resources boundless, with a hundred million people eager to achieve and do, commerce languished, industries halted, men were idle. The country struggled in the toils of an inadequate financial system. Credit was at the mercy of piracy. The small business man was bound hand and foot. Panic hung like a storm cloud over the business world.

Now bursting granaries, teeming factories, crowded railways and overladen ships distribute wealth and comfort to uncounted millions the world over. Production outruns the means of distribution. The parallel of American prosperity is not found in industrial history.—From John W. Westcott's speech nominating Woodrow Wilson at St. Louis.

**Passing of the War Cloud.**

(Philadelphia Record.) Obviously, if President Wilson shall succeed in maintaining peace with Mexico despite the recent imminence of hostilities, the Republic will be robbed of one of their best issues in a campaign in which the openings for attack by G. O. P. organs and spellbinders are almost as scarce as hens' teeth. It is the strongest plate in the defensive armor forced from the record of the Wilson Administration that the President's diplomacy has been effective in gaining for the United States what his opponents would have tried to gain by plunging the country into the horrors of war. The President has thus far succeeded in preserving the peace under the most trying conditions. But just at the moment when the fruits of his Mexican policy seemed to be blighted; when the results of three years of patient endeavor were about to be nullified by Mexican intransigence and distrust; when Republican editors and orators were chorusing with glee over the thought that they had heard the last of the slogan, so ominous to the chances of their party, "He has kept us out of war," the war clouds are dispelled and Mexico's unexpected return to reason opens up the prospect of a solution based on mutual understanding rather than on the further shedding of blood.

In these circumstances, there is little wonder that disappointed partisans who place political gain above their country's interests are dissatisfied with the President's achievement and are heeding their utmost efforts to misrepresent and belittle it. Nothing will serve their purposes, and the purposes of American investors in Mexican properties who look to the Republican party to enhance the security of their holdings at the expense of the United States Treasury and of the lives of thousands of United States soldiers, but intervention, the subjugation of the neighbor Republic, and the acquisition of its territory. These policies are repugnant to the Wilson Administration and to a vast majority of the American people. The President could only be driven to intervention by stern necessity. That necessity has been avoided.

The pacific tone of the Carranza note is reciprocated in the reply dispatched recently by Secretary Lansing. If further bloodshed can be averted by negotiation, we are abundantly justified in co-operating with Mexico to avert it. "The Government of the United States," says the Lansing note, "is prepared immediately to exchange views as to a practical plan to remove finally, and prevent a recurrence of, the difficulties which have been the source of the controversy." That can only mean that the State Department has a solution, to which Carranza may be reasonably expected to agree, that will put an end to the border troubles which brought us so close to war. The pacification of Mexico, should it follow through the use of the troops now at Carranza's disposal in the Northern States of that country, would leave the war-hungry Party of Moral Ideas not a leg to stand on. But the political consequences of an amicable settlement would be after all of little moment by comparison with the moral and physical gain to the country which asks nothing better than to be permitted to attend to its internal affairs in peace and happiness so long as peace may be maintained with honor.

**The Shoes of Kitchener.**

(Pittsburgh Gazette-Times.) If the present struggle has demonstrated one truth it is this: the party system obtaining in Great Britain heretofore is an inadequate agent for the prosecution of war. From the turmoil of munitions shortages the wrangling over compulsory service, the sordid Irish situation, the depressing labor troubles among Welsh coal miners and Clyde dock workers, and from the sorrow of defeats across the seas, emerges one figure typifying the hopes of British democracy—Lloyd George. Kitchener happened to be at home when war came; to make his secretary of war was a fitting tribute to the army; the choice was not to be gainsaid from any quarter. Kitchener built the new army—it is too early to offer an estimate of his service to the crown. In choosing his successor, the government has done the logical thing, has recognized ability and rewarded herculean service. For the tasks confronting Lloyd George in the munitions shortages and labor disorders were far

**PRESIDENTIAL POINTERS**

At the sixth presidential election in 1898, 16 states took part, having 175 electoral votes. For president, James Madison received 122, Charles C. Pinckney 47, and George Clinton 6. For vice president, George Clinton received 113, Rufus King 47, John Langdon 9, James Madison 8 and James Monroe 3. Madison and Clinton were inaugurated March 4, 1800.

more important than Kitchener's if the well-informed are correct when they tell us that this war will be won by the nation with the most shells, food, and equipment, by the nation that can hold out the longest. Going among the civilians for a war secretary in this case is proper; it puts a business man in charge and frees the general staff for strategy. The new secretary is a man of the people, acquainted with the trials of the poor and the grievances of labor. His appointment brings the people close to the government just when the government needs their confidence. It is safe to say that Kitchener's shoes have been filled.

**Six Minutes In Service.**

(Independent and Harper's Weekly.) Six years ago the British determined to build a battleship that should be bigger and swifter and stronger than any afloat. Hundreds of skilled workmen labored for years in her construction. Ten and a half million dollars were spent on her. She was protected with armor plate of the hardest steel nine inches thick. She was propelled by the most efficient of steam engines, the turbine. She was armed with ten 13.5-inch guns, which could discharge a 1400 pound projectile every thirty seconds; also with sixteen 4-inch guns, twelve 6-inch guns and two torpedo tubes. The British, properly proud of her, named her after their queen. A thousand men were put aboard of her and she was sent into action on the last day of May.

The German warships opened fire and within six minutes the "Queen Mary" was torn asunder by a terrific explosion and sunk.

**Quaker Quips**

(Philadelphia Record.) Love isn't so blind that it can't distinguish between a pedigree and a bank account. About the only exercise some fellows get comes from turning over new leaves. A woman is apt to change her mind several times before she marries, and then some. The only noise some people ever make in this world comes from their exploded theories. You never can tell. Even the man of few words may work his limited vocabulary overtime. Time is a lightning change artist. Many a fellow who is thought to be a coming man is a goner before we realize it. The struggling author takes little consolation from the fact that there is plenty of room at the top of the wastebasket.

**Spirit of the Press**

**The Man and the Church.**  
A man buys food so he can work; not merely for the sake of buying food. The church that spends all its strength feeding itself, merely keeping up its own strength, is just as much out of order, just as far from being a success, as the man who does no more than this. That is the reason many churches have poor spiritual health, just as it is the reason many people have poor physical health. The unselfish, energetic, objective life is the healthful life.—The Christian Herald.

**Mexico.**  
When "we quit the job," shall we leave the border line where it is, or shall we leave the frontiers that there will be some buffer against future collision? Why should we not make another "Gadsden Purchase" of Mexico, to cover Northern Mexico and Arizona to the sea and join Lower California to California? We shall never have peace, order and good neighborhood—nor Mexico stable government—until we do.—Louisville Courier-Journal

**The Mexican Situation.**  
We are not yet out of the woods as regards the Mexican trouble, and the hell of war is liable to break loose at any moment. But things generally look more favorable, and the people of this country are more hopeful that a way will be found out of the trouble without resorting to war.—Springfield Ohio News.

**A Dangerous Epidemic.**  
The epidemic of infantile paralysis in New York is increasing. This fact ought to place the health authorities and the parents of every city in the United States on guard. Being a communicable disease, it is almost inevitable that, with the travel to and from the city, and especially at this time of the year when many are going to the country or to other cities from the metropolis, it will spread. Prompt detection of its first appearance in any community will go far toward preventing its spreading. Detection requires the co-operation of the parents with the health authorities.—Zanesville Signal.

**No Mexican War.**

The chances are that there will be no war with Mexico. Since General Carranza's friendly note to President Wilson, nothing has intervened to darken the hope that the difficulties between the two countries will be settled without war. This country will do all it can to prevent a struggle and it can do a great deal.

Our pride should not be so easily wounded seeing that Mexico is not responsible for much of the sorrowful situation. There is to be further conference and all signs point to its peaceful character. Until that transpires our military preparedness will continue, but there must not be doubt that when it does meet there will be no real reason for so strenuous a war attitude as at present exists. It is certainly hoped that it will not be necessary to kill a few thousand of our young men to protect the people along the Rio Grande.—Ohio State Journal.

**Pointed Paragraphs**

General Carranza's note bears a remarkable resemblance in its essential to the well known remark of the con to the hunter—"Don't shoot! I'll come down!"—New York World.

Some Boston Ladies spent yesterday at home putting up strawberries, while others were at summer hotels, putting up a bluff.—Boston Advertiser.

The Duke of Manchester has made a new move in his varied career by becoming a reporter. At least, he had the insight to break into the game at a time when there is plenty to report.—Providence Journal.

**ELECTING A PRESIDENT**

12

**WAR HERO ELECTED PRESIDENT IN 1868.**  
GRANT.  
LINCOLN, having been assassinated, was succeeded in office by Andrew Johnson, who was vice president. The war had ended. Grant had returned a hero. The Republicans nominated the general, while the Democrats put forward Horatio Seymour of New York. The south, having been defeated, again participated in this election and supported Seymour. The election of 1872 was an exciting one. Horace Greeley, formerly a Republican, had disagreed with his party and ran on the Democratic ticket and the Liberal Republican ticket. Grant was again the Republican nominee. There were four other minor candidates. Grant received 3,587,070 votes and Greeley 2,834,070.  
(Watch for the election of Hayes in 1876 in our next issue.)

In Insident No. 9 of "Electing a President" an error appeared. General Zachary Taylor elected president of the United States in 1848 was a Whig and Millard Fillmore a Whig was at the same time chosen vice president became president when General Taylor died. Lewis Cass of Michigan was a Democrat who was defeated by Taylor. The defeat was caused by the bolting of Martin Van Buren who ran as a Free Soiler. General Taylor was of English ancestry. He was born in 1784.

**The Advocate's Melting Pot**

Ingratitude is always a kind of weakness. I have never seen that clever men have been ungrateful.—Goethe.  
Even in Leap Year.  
"Men are like corks," said Spinster Supp.  
"Of this fact there is no doubt; for while a lot of them will pop, the others have to be drawn out."  
—Luke McLuke.  
"Yes, they're like corks," said Spinster Hand.  
My reason I should like to state: They're on close terms with bottles.  
The most of them are quite light weight.

**Aunt Caline Says:**

I went down to old Doc Carver's office last night to get something for Zeke's rheumatism. I felt that I had to have a little relief. While Doc was fixing up some liniments Abe Moots came in a-lookin' some pale an' says, "Doc, what upon earth is this here stuff that Emmy is a-givin' us, which she calls 'Doc's'?" "Hush," says Doc, real low, "the less said the better. Some things had better not be talked about. An' I wouldn't want to discuss this here subject in the presence of ladies."

**Did You Know**

That German silver is an alloy formed of copper, zinc and nickel? It is variable in its composition according to the requirements of the manufacturer, but generally consists of copper 50 per cent, zinc 30 per cent and nickel 20 per cent; this composition is very malleable, susceptible of high polish and nearly as white as silver. German silver derives its name from the fact that it was first made at Hildesheim, Germany.

**25 Years Ago**

(From Advocate, July 10, 1891.) A very pretty wedding took place yesterday in which Mr. Lawrence E. Colville and Miss Clara E. Billman, a well known young school teacher, were the contracting parties. Miss Lawlor of Mansfield is visiting in the city, the guest of Mr. Joseph Kuster and family. Misses Lillian Garber and Ella Parks left yesterday to visit Miss Louden of Tiffin, O. Messrs. Lou Franks and Max Hirschberg have returned from a week's visit in Youngstown.

**15 YEARS AGO**

(From Advocate, July 10, 1901.) W. D. Fulton and family left this morning for Chautauque, N. Y., where they will spend the summer. Mr. Fulton will return next week. Mr. and Mrs. W. A. Ingler and family of Van Buren street, Zanesville came to Newark this morning to make their future home. Mr. and Mrs. Arthur Dean of Cleveland, are visiting Mr. and Mrs. John E. Dean on North Third street. Mrs. George Kimball went to Zanesville this morning.

**The World War a Year Ago Today—July 10.**

Germany announced that the Frye case must be settled by a prize court and replied to second Lusitania note.

**Abe Martin**

**Question of Price.**  
He was a real estate agent of German extraction and was trying to make a deal with a retired sea captain. The captain haggled over the bargain and finally the German's infinite disgust offered him just half the specified price. Said the German: "Suppose you had brought in a cargo worth a hundred thousand dollars and I would offer you fifty thousand for it. What would you say?" "Why," said the captain, "I'd tell you to go to h—ll." "Very well," replied the German, "I'll just reverse the compliment."

**Another Limerick Contest.**  
A great many readers of this paladium of liberty better known as the Newark Advocate, took an interest in the case of Mary and Paul last week. From every section of the city and county came suggestions for the missing line. The prize as announced Saturday was awarded to H. C. Alsopach, 241 North Eleventh street. Who will win this week's dollar? The reader is invited to finish the limerick:  
Said an elderly fellow named Burke, "It seems I do nothing but work; it must be confessed That I long for a rest,

Many of the suggestions sent last week could not be considered by the editor because they had either not enough or too many feet. The last word in the missing line must rhyme with "Burke" and the line must have the same number of feet as the first line of the limerick. Why is Burke so tired? All answers to be considered must be received by the Advocate before 6 P. M. Friday, July 14th.

There is no dining room, however defended, but one live fly is there.—Baltimore Sun.  
If in your coffee, then, his life were ended, perhaps you would not care.

**Uncle Walt.**  
Walt Mason snickered up a name.—The name of anything will do.—Then grab a word that sounds the same And with a string unites the two. And then he drops a little seed: It sprouts and grows just like a weed. And then he sells the thing, by jing. And editors give real mon.—Yes, give us every single day. For what Walt seems to do for fun;—Says, isn't he the lucky jay!

**DO YOU KNOW**

That intelligence—motherhood conserves the nation's best crop? That heavy eating like heavy drinking shortens life? That a registration of sickness is even more important than the registration of deaths? That U. S. Public Health Service co-operates with state and local authorities to improve rural sanitation? That many a severe cold ends in tuberculosis? That sedentary habits shorten life? That neglected adenoids and defective teeth in childhood menace adult health? That a low infant mortality rate indicates high community intelligence? (U. S. Public Health Service.)

**ANNOUNCEMENTS**

The following candidates are announced for nomination subject to the decision of the Democratic voters at the primary election, August 8, 1916.  
**Representative to Congress.**  
WILLIAM A. ASHBROOK.  
JOHN F. KRAMER.  
**State Senator.**  
J. HENRY MILLER (Newark)  
CLYDE REASONER (Zanesville)  
**Representative.**  
L. C. DAVIS  
JAMES J. HILL  
AUSTIN ORR.  
**County Auditor.**  
FRANK F. ORR.  
SETH W. HAIGHT.  
FRED S. WILSON.  
J. S. CLIFTON, Etta Township.  
**Sheriff.**  
R. L. PATTON  
JOE E. BROWNFIELD.  
**County Treasurer.**  
WILL H. MILES (2nd Term)  
**County Recorder.**  
CHARLES W. GUNION  
WILLIAM A. FLEMING.  
WALTER S. AYLES  
ALBERT WARNER.  
GEORGE L. MILLER.  
DR. S. S. RICHARDS.  
FRANK B. DUDGEON.  
**Probate Judge.**  
ROBBINS HUNTER  
EUGENE MOORE, of Pataskala, O.  
B. G. SMYTHE.

## Society

Miss Hazel Lippincott will entertain the members of the Semper Fidelis class at her home in Eleventh street on Tuesday evening.

Mr. and Mrs. John Lippincott of Eleventh street have announced the engagement of their daughter Miss Hazel Lippincott to Mr. Louis Rumsey. The wedding will take place August 17, in the First Presbyterian church.

Mr. Rumsey is the son of Mr. and Mrs. J. D. Rumsey of Stryker, Ohio, and is at present supervisor of the chemical laboratory at Iowa state college at Ames, Ia.

Messrs. William Cunningham, Charles Kirk, Cliff Roney, Charles Boggs and James Richter spent Sunday in Columbus the guests of Frank English and family. The party also visited Camp Willis. Mr. English wishes to be remembered to his Newark friends.

The Loyal Women's class meeting of the Central Church of Christ will meet Thursday evening in the basement of the church at 7:30 o'clock.

The members of the Silent Circle of The King's Daughters will meet with Mrs. C. H. Hinde, at her home 522 Kibler avenue, Thursday evening at 7:30 o'clock.

A few friends and relatives gathered at the home of Wm. McCullough five miles north of Hanover, on Sunday to remind him of his sixty-third birthday anniversary. The day was spent in a social way and at the noon hour dinner was served to the following: Mr. Passman, Mr. and Mrs. Frank McCullough, Mr. and Mrs. Charles DeLancey and children, Burton, Audrey and Mary of Newark, Mr. and Mrs. David McCullough and son William, Mr. and Mrs. Edward Roffey and son, Frederick and Mrs. Henry Roffey of Greenville, Mr. and Mrs. Wm. McCullough and Mrs. Louisa Cochran, Mr. and Mrs. S. C. Wright and children, Ruth, Alva, Clyde, Job and Emory. Mr. and Mrs. James Marrott.

A very delightful time will be spent the following week by a party of girls at the Henshaw cottage, at the Lake, chaperoned by Mrs. Anderson and Mrs. Allison.

Those in the party will be Misses Edith Anderson, Elizabeth Jones, Amy Wheeler, Vera McCullough, Mary Irene Floyd, Rosella and Jennie Kuntz, Lillian McClelland, Vera Florence and Edith Keller, Leigh Gardner, Helen Stump, Lillian Seymour, Lucy Pine, Adeline Parker, Beatrice McConnell of Ravenwood, W. Va., and Helen Koppert of Mt. Vernon, O.

Mr. and Mrs. Clarence Jackson gave a surprise party on their little daughter Beatrice Jackson last Tuesday, it being her third birthday anniversary. Refreshments was served to the following: little Jennie Floyd, Rosella and Bessie Vinning, Mary Montgomery, Beatrice Jackson, Edna Walters, Pittsburgh, Pa., Edna Callahan, Bellaire, O., Master Kenneth Jenkins, Columbus, O., Raymond Floyd, William H. Vinning, Thera Jackson, Mr. Luther Jackson. The hostess was assisted by Mrs. Luther Jackson and Mrs. Charles Vinning.

**Motion Overruled**, In the case of John L. Hughes, et al., vs. Samuel E. Forsythe, et al., a motion filed in the supreme court to require the court of appeals to certify the record was overruled by the supreme court, Clerk Bert O. Horton being notified to that effect today. The case involved the rental and lease of oil lands.

Italy has joined other European nations in prohibiting the manufacture, importation or sale of absinthe.

## RESTAURANT

### SOLD TODAY BY JUSTICE

The fixtures and cooking utensils in the Shondell restaurant which formerly operated in West Main street was sold at 11 o'clock this morning by Justice Fletcher S. Scott, to satisfy at chattel mortgage held by the Albert Pick company of Chicago, the amount being \$1950.

There were two bidders, the Ryder brothers, who own the block in which the restaurant operated and A. C. Marks, representing the Pick Co. The latter made the highest bid, \$1250, and the restaurant was sold to him at that figure.

The fixtures were of the latest and cost \$2950 and \$200 additional freight and installation. When Shondell opened the restaurant he placed an additional \$1250 on improvements to the room, \$600 of which was for a steel ceiling.

Mr. Marks will dispose of the fixtures and utensils to any one who may desire to purchase any part of them. That which remains unsold will be shipped back to the Pick Co. at Chicago.

**MYRON T. HERRICK SPEAKS TONIGHT AT THE WARDEN.**

Myron T. Herrick, ex-ambassador to France and former governor of Ohio, will speak in behalf of his candidacy for the United States Senate from the balcony of the Warden Hotel at 8 o'clock this evening. Commencing at 7 o'clock a reception will be held for Mr. Herrick in the lobby of the Warden hotel, where Mr. Herrick will meet all those wishing to meet him.

Mr. Herrick arrived in the city this afternoon, lunched at the Warden, and this afternoon was taken in the automobile of A. H. Heisey to different parts of the county to make speeches.

**TWO FINED FOR ILLEGAL SELLING.**

Two cases of illegal selling of intoxicating liquors without a license were heard in Mayor Bibeau's court Monday afternoon. Lizzie Pollard, charged with keeping a place where intoxicating liquors were sold and selling liquor without a license, was given the minimum fine of \$100 and costs on the charge of keeping a place, with the charge of selling continued during the good behavior of the defendant. A. L. Desch, proprietor of a drug store in 405 West Main street, was fined \$200 and costs on the charge of keeping a place, with the charge of selling continued.

**DROWNED WHILE SWIMMING.**

(Associated Press Telegram) Lima, O., July 10.—Kent Sherry, 15, of Elida, O., drowned today while swimming near that village. The body was recovered.

**PROMOTIONS IN CONSULAR SERVICE.**

(Associated Press Telegram) Washington, July 10.—A large number of promotions in the consular service made in nominations sent to the senate today include the following: Edwin N. Gunsaulus of London, O., consul at Johannesburg, to be consul general at Singapore.

**KILLED IN RUNAWAY.**

(Associated Press Telegram) Chardon, O., July 10.—C. C. Parker, a Montville farmer, was killed almost instantly here today when his team ran away and threw him beneath the horses' hoofs and wagon wheels. Parker was loading feed at the time the horses took flight.

The red sumach blossoms make a tart drink.

The United States annually produces 500,000,000 chickens.

## Personal

Mr. and Mrs. Jos. Downs and Mr. and Mrs. Grigsby of Zanesville, motored to Newark Sunday afternoon.

Miss Julia Braumhold has returned home after a week's visit with relatives in Columbus.

Clarence Jones, of Alliance arrived in Newark Sunday for a week's visit with his mother, Mrs. D. L. Jones, and family. Mr. Jones has been employed in a large hardware store in Alliance for the past eight months.

Miss Beatrice McConnell of Ravenswood, W. Va., is visiting Miss Vera Allison.

Mr. and Mrs. R. F. Collins of Hudson avenue went to Cleveland today to visit their daughter, Mrs. Thomas Ralph.

Mr. J. C. Boushore of North Fourth street returned from a trip to Pittsburgh Sunday night.

Mr. and Mrs. J. C. Boushore of North Fourth street returned from a trip to Pittsburgh Sunday night.

Mr. and Mrs. J. C. Boushore of North Fourth street returned from a trip to Pittsburgh Sunday night.

land wholly unarmed goes far toward simplifying any question as to her status as a merchant ship in American waters.

Officials realize however, that the British and French embassies while interested little in what the Deutschland has brought over, are concerned over the cargo of rubber and nickel she proposes to carry back to Germany and expect nothing will be left undone by Germany's enemies to prevent or hinder her clearance.

Although the fact that the submarine is unarmed is of first importance, such factors as the composition of the crew and actual ownership will have to be established to determine whether the submarine could be classed as a naval auxiliary.

Naval officers, while attracted by the great size of the submarine and her long voyage, consider the fact that she successfully ran the allied blockade, attracts them most.

Some of them pointed out that if a successful means of running a blockade had been perfected, one of the most potent measures of warfare had become a thing of the past.

Until the customs officials report is received, Acting Secretary Polk said today that no action was contemplated by the state department.

"We must await the investigation of the treasury department," he said. "Until that is submitted, the state department has no information upon which to proceed."

Reports that the submarine is unarmed, Mr. Polk added, indicated that the state department's position would be much simplified.

bride and court attaches. They will reside in East Newark, the bridegroom being employed at the Heisey glass plant.

**Gave Bond; Rearrested.**

George Moore was brought into court this morning and gave bond for \$200, having been bound over by the mayor on a charge of burglarizing the saloon of Charles Slane. Just after the bond had been signed by his father Officers Abbott and Donnelly rearrested Moore on an affidavit charging him with the burglary of the Sissea saloon in the North End.

**Case Carried Up.**

In the case of Ellis Beeson vs. David Criss, et al., in which the defendants secured a verdict in common pleas court, the plaintiff, has filed a bill of exceptions to the court of appeals on error. The case involved a collision of Beeson's automobile with the ambulance of Criss Brothers at Sixteenth street and the Granville road some months ago.

**To Render Opinion.**

Clerk Bert O. Horton of the Licking county courts today received a telephone message from Judge Blair at Mount Vernon, stating that he would be here in a few days when he would deliver his opinion in the case brought by Mercer Brothers against the Hanover special school district. The matter involves the awarding of a contract for a new school building.

**Divorce Petition.**

Minnie Martin has filed a petition in common pleas court against James H. Martin. The parties were married in this city, December 27, 1910, and are the parents of one child, aged five years. The plaintiff alleges gross neglect, stating that in July, 1911, a separation took place for seven months during which time she was compelled to support herself; that defendant returned and remained four months leaving her and remaining away for two years, during which time the defendant failed to supply herself and child with the necessities of life. She asks for a divorce and custody of the minor child, and all relief to which she may be entitled.

**Marriage License.**

Frank Allen, a laborer, and Miss Maude Good, both of this city, Justice D. M. Jones named to officiate.

## HARRY K. THAW VISITS NEWARK; IS INTERVIEWED

Harry K. Thaw, paid his first visit to Newark today. Begun with the dust and dirt of a long auto trip, Thaw stopped in Newark long enough at noon today to eat lunch and excite the curiosity of a few who had learned of his identity. Mr. Thaw is traveling with his attorney Mr. King, and his chauffeur, the party being on their way to Pittsburgh from Detroit, Mich. On reaching Newark they inquired of Attorney J. H. Miller as to the location of a restaurant, and Mr. Miller accompanied the party to the Kuster Restaurant where luncheon was served. When seen by an Advocate representative at the restaurant Mr. Thaw, very courteously extended an invitation to take luncheon with him. He talked of his trip, being especially impressed with scenery surrounding Newark, and spoke enthusiastically of the good roads, stating that the National Pike was one of the best he had ever traveled. Very affable, but extremely nervous, Thaw seems startled when approached by any one, and paid no attention to any entrants to the restaurant. His eyes were fixed on the table, and when addressed spoke with a nervous energy. The party left immediately after lunch for Zanesville taking the pike road to Wheeling, W. Va., and from there they will go to Pittsburgh.

### NEWS IN BRIEF

**Adnoid Operation.**

 House.  
 Met at 10 A. M.  
 Entered the last stage of debate on the revenue bill.

### OFFICER CRUST

### HE IS NOT TOO CRAZY TO HAVE IDEAS!

## WONDERFUL TALE OF AN ACTRESS

Struggled with Sickness and Dis-  
couragement; How Relieved.

Dayville, Killbuck, Conn.—"I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound. Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband. I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my baby or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth."—Mrs. H. L. KLENNETT, Box 85, Killbuck, Conn.

## AUTO THIEVES BOUND OVER TO THE GRAND JURY

R. S. Rhoades, aged 19, and C. W. Wolfe, aged 18, arrested in Columbus charged with the theft of a Ford automobile at Buckeye Lake on the night of July 4, 1934, belonging to R. L. Patton of Johnstown, were arraigned before Mayor Bigbee Saturday afternoon, and both waived the reading of the affidavit, and were bound over to the grand jury with bond fixed at \$300 each. The parents of the youths furnished the bonds.

In Columbus Rhoades and Wolfe were charged with the theft of a Columbus machine which police officers say they drove to Buckeye Lake before the theft of the Patton machine. Both waived the reading of the affidavit in Columbus, and were bound over to the grand jury there.

Another youth under 18, alleged to have been implicated in the theft of the Patton machine, was held by juvenile authorities in Columbus on another charge.

### Amusements

**The Auditorium.**  
Billie Burke in "Gloria's Romance," sixth chapter, is seen today in connection with the Rolfe Photo-play company's production of "The Snow Bird" with Edwin Carewe and Mabel Taliaferro. This is a most exquisite romance of unusual character in six wonderful acts, and with such a clever star as Mabel Taliaferro, should crowd the Auditorium.

BILLIE BURKE

Today at the Auditorium Theatre in "Gloria's Romance."

to its doors at all performances today and tomorrow. The scenes are in the far north and the scenery and effects are said to be wonderful.

During the course of the action, Miss Taliaferro learns to master and drive a dog team hitched to a sled, which she pilots over a mountain trail to a lone cabin perched high up in the hills. The story also serves to introduce many interesting scenes of life in one of the most picturesque localities in the frozen north.

**Alhambra Tonight and Tomorrow.**  
Ann Pennington, the celebrated little Broadway star, makes her motion picture debut in the Famous Players production, "Susie Snowflake," which is the Paramount attraction at the Alhambra. Known all over the country as dancer and comedienne, Miss Pennington has been wisely starred in a photoplay which is a story of musical comedy life, thus giving her the greatest opportunity to display her far-famed talent on the screen.

**Told His Reason.**  
The bride looked elegant in her white pomme de terre caught up with gossamers, and everything was going along swell.

The minister spoke, "If any one knows any reason whereto withstanding this man should not marry this woman let him chirp up now or forever take a back seat."

There was a stir in the last row. A pale faced man rose to his feet. "I know a reason!"

The entire seventeen spectators turned their eyes on the speaker as the eyes of one specked later.

"Name it!" thundered the minister.

"I'm his tailor," said the little man, "and he's owed me \$38.50 for seven years, and if he's been unable to pay it all this time how can he pay it when he has a wife to support as well as himself?"

"The man is right. I can't marry you," said the minister, who had started out as a tailor himself. And the ceremony did not proceed until the tailor had passed his hat among the guests and collected all but \$2.19.—Pittsburgh Press.

**Our Wants.**  
A great number of our wants are special wants of the imagination. We want them simply because we think that we want them. They give us no enjoyment when we obtain them. The want of them is only known by a feeling that we are without them.

## NANCY BOYER WILL APPEAR IN NEW PLAY

Manager Fenberg of The Auditorium made a late booking Saturday evening that should interest all showgoers of Newark, the same being Nancy Boyer, who will rehearse and open in her new play that she is to produce over the International Circuit the coming season. The play is called "The Little Lady of Lonesome Town," and will see its first production on any stage at The Auditorium on Saturday, August 18th.

Miss Boyer and her husband, Henry Testa, left Newark last evening for New York City, where they will engage an entire new company. Miss Boyer will have an entire new wardrobe and said before leaving last evening that she had many surprises to offer her friends on her return to our city in August.

## WHY OLD BACKS ACHE

Many Newark Old People Have  
Found Backache to be a Sign  
of Kidney Weakness.

What a pity that so many people past middle age are worried with lame backs, aching kidneys, poor eyesight, sick headaches, dizziness, gravel, dropsy or distressing urinary ills. Kidney weakness brings these discomforts in age or youth, and is a dangerous thing to neglect for it leads to Bright's disease and uric acid poisoning. Doan's Kidney Pills have brought new strength to many Newark old people. You will make no mistake by following Mr. Pritchett's example.

P. B. Pritchett, 406 Wilson St., Newark, says: "I had kidney trouble and wore a plaster all the time. I tried any number of medicines for lumbago and weak back. It remained for Doan's Kidney Pills, however, to cure me. For years, now, I have had a strong back and although I am nearly seventy-five years old, I can stand a lot of strains on my back. Doan's Kidney Pills also cured me of getting up at night. This trouble hasn't annoyed me since."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pritchett had. Foster-Milburn Co., Props., Buffalo N. Y.

## TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

## 2 WOMEN ESCAPE FROM JAIL BUT ARE RECAPTURED.

(Associated Press Telegram)  
Canton, July 10.—Mary Reeves and Helen Jackson, who had been held in the Stark county jail under sentence for pocket picking, made their escape Sunday night but were recaptured by officers in Alliance Monday morning. The Reeves woman is large, but notwithstanding her size managed to climb nine feet into a bath room, squeeze through an opening 14 by 18 inches and with her companion, loiter herself to the street by means of an improvised rope made of blankets.

**Of the Same Class.**  
"They say," remarked the spinster boarder, "that the woman who hesitates is lost."  
"Lost is not the proper word for it," growled the fussy old bachelor at the pedal extremity of the table. "She's extinct."—Philadelphia Ledger.

## CITIES SHOULD GET BACK OHIO SALOON TAXES

Columbus, July 10.—In his annual report to the governor, Auditor of State A. V. Donahey will recommend that the state's share of the liquor tax funds be returned to the local political subdivisions for their own uses. Since the state first laid a traffic on the business, there has been collected more than \$130,000,000, of which the state has received one-fourth. Last year the state's share, three-tenths of the total, was \$1,752,850.74.

The auditor points out that the theory of the license tax is that it is to pay for regulating the traffic, furnish police protection and to meet, as far as possible, the maintenance of those who become public charges as a result of intoxicating liquors.

Mr. Donahey says that the special fee of \$100 paid to the state by each saloon is ample to meet every expense which the state incurs.

(Political Advertisement.)  
**STOP! LOOK! LISTEN!**

ALBERT WARNER.

Last spring Albert Warner of Newark took the civil service examination for Supt. of Ohio State Prison Farm. He passed the examination with the highest grade of any applicant. He was placed first on the list of appointment. When the board published this fact it caused an error. Someone reported that he had been appointed Supt. of Ohio State Prison Farm. The fact is, he was not considered by the Republican appointees. Mr. Romick, Albert Warner is a living, active reality in the campaign for county recorder and if nominated and elected by the people of Licking county, he will serve the people in the highest degree of efficiency. 7-10-11

## WHEAT CROP IS BELOW AVERAGE IN LICKING CO.

The wheat crop in this section of the country will fall short fully 50 per cent of last year, the crop averaging only about 45 per cent. Last year it was above normal, a full crop being harvested. As a usual thing when the crop is not up to the average the quality is not as good as usual.

A great deal of wheat has been cut in this section but none has been brought into the market as yet. Farmers have had some trouble in securing help and have offered from \$1.50 to \$2 per day and board. Threshing will be started within a few days, the weather being all that could be desired to get the grain into the market early.

## PUBLIC RECEPTION AT TOLEDO WILL BE GIVEN PRESIDENT

(Associated Press Telegram)  
Toledo, July 10.—A public reception will be tendered President Wilson this afternoon at 4.30. The president will stop here 15 minutes on his return from Detroit to Washington. Postmaster George P. Parrish and Frank B. Niles, internal revenue collector went to Detroit this morning to accompany the president's party to this city. The reception which will be informal, will be at the union station while the president's train is being switched from the Michigan Central to the Pennsylvania railroad.

## TIRED LOOKING WOMEN

Some women always wear a worn, tired look. It is the outward sign of nervousness, neurasthenia, perhaps, with its characteristic symptoms of worry, headaches and sleeplessness. Overwork, grief, undue excitement, the late hours and nervous strain of a strenuous social season, lack of outdoor exercise, any or all of these may be responsible for the trouble but the most common cause at this season of the year is the grip.

Whatever the cause, if you feel the need of more strength, try the great non-alcoholic tonic, Dr. Williams' Pink Pills. As the nerves get their nourishment from the blood the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box; six boxes \$2.50. Write for the free booklet, "Diseases of the Nervous System" and a diet book. Address: Dr. Williams' Medicine Co., Schenectady, N. Y.

Clyde C. Boso, Pres. J. H. Bryan, Sec.-Treas.

## National Woolen Mills

12 North Park Place, Newark, Ohio.

FINAL OFFERING OF UNSOLD PORTION OF  
**\$200,000.00 of 7 per cent Participating  
and Convertible Preferred Stock**  
OF  
**THE DAYTON TIME LOCK CO.**

This security is exceeding the predictions we made to our clients on March 19th and confirms our belief that a bargain was secured for our customers.

As a straight preferred stock it should now sell above par, and as a convertible preferred stock the developments make it very valuable.

We will protect our customers on par orders until the stock is exhausted.

**THE NATIONAL CASH REGISTER COMPANY**, owners of the basic patents on the time lock, have been justified in retaining ownership by the remarkable growth of **The Dayton Time Lock Company**, their exclusive licensees.

- OFFICERS AND DIRECTORS**
- |  |   |
|--|---|
| GEO. L. BAKER, President<br>For nineteen years with N. C. R. Company, finally their Pacific Coast manager. | W. O. POOR, Vice Pres. and Sales Manager.   |

## NICE STRING OF BASS TAKEN AT BUCKEYE LAKE

Harry Bucy, the well known machinist and Harry Braunhold, the grocer in South Fifth street caught three fine bass at Buckeye lake yesterday. Mr. Bucy landed one that tipped the scale at six pounds even. It measured 22 inches in length and was a beauty.

The other two bass weighed five and a half pounds and were taken during the morning in deep water. Both of the young men are expert anglers and have several good strings to their credit. The big bass gave Mr. Bucy quite a tussle but he finally landed it in the boat.

Fishing at the lake has been very good for the past week and a number of good catches have been reported but none of the size of the big one landed yesterday.

## ARRANGEMENTS FOR LABOR DAY ARE ANNOUNCED

Automobile races, speeches by prominent labor leaders, foot races for men and women, and amusement of all kinds, in addition to large labor day parade which will surpass any previous labor demonstrations in this city are the events planned for Labor Day by the Trades' Union Council, according to O. S. Riggs, chairman of the Labor Day executive committee.

The parade will take place in the morning with all of the union participating, and some magnificent floats are being planned for the occasion. At Moundbuilders' park in the afternoon the speeches, auto races, athletic program and other events will take place. Previously, the afternoon program has been held on the public square, but this year the celebrations will be more in the nature of an outing as the afternoon program will be held at the park.

## DIAMOND H. WAS BEATEN SUNDAY BY ZANESVILLE TEAM

The Heisey Diamond H. team at Zanesville Sunday was defeated by a score of 1-11 by the West View team of that city. The Newark team made a great fight to overcome the masterly pitching of Carmichael of the Zanesville club, but their chances were very slim. This game, pitched at Zanesville, was the second game yesterday against the Utica team and finished without allowing one safe hit. In the game with Newark he had 10 strikeouts and in the Utica game he also turned back 19 batters from the plate.

The score:

## FITZSIMMONS WON SUNDAY; SCORE 10 TO 2

The Fitzsimmons team of the Capital City League yesterday at the park stopped the fast New Methods of Columbus and sent them back to Columbus with the small end of a bag score. The game, although featured by a lot of heavy artillery work on the part of the local batters was fast and played in fairly hot time.

The locals showed their class in the first inning when they piled up five runs and gave the Newark twister an advantage to back with against the fast Columbus aggregation. At no time during the game did the Columbus team have a look-in and as a result of the locals' win yesterday they moved into second place in the league's standing.

## NO-HIT GAME AT ZANESVILLE AGAINST UTICA.

Zanesville July 10.—Johnny Carmichael shut out the highly touted Utica club Sunday afternoon without a run or hit. But 28 men faced him during the contest and but two of them reached first base and one got as far as second.

Y. M. C. A. VS. GROCERS. White Athletic Field the Y. M. C. A. baseball team will clash with the Grocers' team. Both teams have been training for the game, and both are confident of victory.

### RUTh'S BAT IS AS STRONG AS HIS ARM

Babe Ruth.

Babe Ruth, the Red Sox pitcher, is just about as valuable for his hitting as for his pitching. Ruth has shown so much natural talent at bat that Bill Carrigan has seriously considered playing him in the outfield when he isn't pitching. As it is Ruth is pinch-hitting several times a week and swings on them with great success.

## "Bull" Durham Being Shipped in Carload Lots to Mexican Border for Use of United States Troops

From seasoned campaigner to newest "rookie," practically every American soldier "rolls his own" with "Bull" Durham.

This famous tobacco is part of the U. S. trooper's regular "rations." It goes with him into far corners of the world. It's the smoke of the Service in barracks, camp and field.

Wherever the flag flies, from Maine to the Philippines, from Alaska to Mexico, you'll find Uncle Sam's fighting men "rolling their own" with "Bull" Durham.

Every month hundreds of thousands of sacks

of "Bull" Durham are supplied to the American troops in Mexico and along the border.

"Bull" Durham was selected by the Government for the use of the army years ago, because it stood every test to which the most rigid inspection could subject it.

The absolute purity of "Bull" Durham is known to every commissary chief, every quartermaster, every officer and every soldier. They know that it's pure tobacco—pure golden Virginia-Carolina leaf—mild, sweet, satisfying—the most refreshing smoke in any climate and under any conditions.

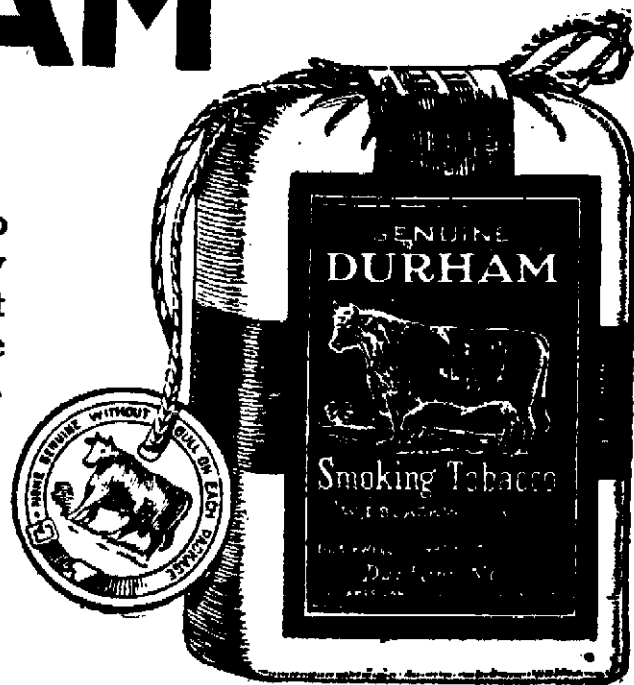

## GENUINE "BULL" DURHAM SMOKING TOBACCO

The "Bull" Durham army is an army of men who do things—active, virile, sturdy men in every walk of life. They "roll their own" with "Bull" Durham for the satisfaction it gives them to make for themselves, to their own liking, the liveliest of cigarettes—the smoke of personality and punch. Learn to "roll your own" with "Bull" Durham—it's easy.

**FREE** An illustrated booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in United States on request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY

## INCREASED COST RAISES SUIT PRICE

A striking example of how increases in the cost of the raw materials that go into men's clothes are affecting the ultimate consumer is afforded by the announcement made in this issue by The United Woollen Mills Company, local popular priced tailors, that in order to maintain their quality beginning September 1st, they will be obliged to raise their price from \$15 to \$17.

The "UNITED" in its announcement emphasizes the fact that it is confronted with the alternative of reducing the standard of quality of its product or raising the price a sum sufficient to cover the actual increase in the cost of the raw materials and it has chosen the latter course.

SERVICES AT MT. HERMON. After the funeral services held for the late Isaac Williams at 1:30 o'clock yesterday afternoon, the congregation went to the church where Rev. M. R. White preached to a large congregation at 3 o'clock, his subject being "The Great Commission." This was followed by a service by a quartet from the Tenth Street church, after which the service was adjourned to be concluded with a baptismal service, which took place in Dry Creek, east of the Werts home in McKean township. Fourteen were baptized in the presence of a large crowd of interested, orderly persons.

## DIZZY SPELLS SOON VANISHED

JOHN SPINKS TELLS HOW NERV-WORTH MADE HIM OVER.

Nerv-Worth Co.—I have been subject to weak and nervous spells and dizziness. When I stooped over and raised up I'd get light-headed. I was generally run-down. I took one bottle of Nerv-Worth and my condition began to improve. I don't have the dizzy spells any more and my stomach is all right.

JOHN SPINKS, 807 Hughes Street, Zanesville.

Mr. Spinks was weak, nervous and dizzy. Others of his fellow-sufferers have had dizziness, poor appetite, a fluttering heart, trembling, sick and nervous headaches, bowel troubles and other forms of nervous debility. Nerv-Worth has overcome these in thousands of cases. If it fails in the reader's case he gets his dollar back at the T. J. Evans' Drug Store, Warden Block.

### A Small Point.

Barrister's Wife—"So your client was acquitted of murder. On what grounds?"  
Barrister—"Insanity. We proved that his father once spent two years in an asylum."  
Barrister's Wife—"But he didn't do it?"  
Barrister—"Yes. He was doctor there, but we had not time to bring that fact out."  
—TIT-BITS.

For all lumber call T. J. Evans' Drug Store.

## REVOLT QUELLED BY U. S. MARINES

Washington, July 10.—Living up to its reputation as the greatest single factor for peace in America, the United States marine corps, with the loss of a few men killed and wounded, has quietly and effectually quelled the latest revolt in Santo Domingo, and without time lost in undue parley has forced the rebel chieftains to lay down their arms and return to peaceful pursuits, according to late advices from Monte Christi.

Experts have listed more than 10,000 varieties of orchids.

## Readers' Viewpoint

To Mr. Herrick.  
Editor of the Advocate:  
What ought we to think of the continued prophecy of hard times, which has been the "keynote" of Republican politicians and newspapers for the last four years? (Will Mr. Herrick be kind enough to answer this question in his speech tonight?)

To my mind, Mr. Editor, the reiteration of these evil prophecies is a mighty poor way—if I know how to swear a little bit I would say it is a devilish poor way—of showing one's patriotism or serving one's country. To say the very least I consider it decidedly "un-American."  
M. R. Scott.

Adjustable pontoons, intended to make any small boat unsinkable have been patented in England by an Australian.

## On the Water Wagon for Balance of My Days

"I Thank God That I Went to the Neal Institute Before It Was Too Late"

"I am still on the water wagon and expect to remain there the balance of my days. I thank God that I went to the Neal Institute before it was too late."  
Such was the substance of a letter sent by an Akron man, who was saved from the health-destroying bondage of drink at the Neal Institute. Just a few words, but they were direct to the point and carried as much evidence of sincere appreciation as could be crowded into a couple of pages.

every man who drinks—"dividends" in the shape of wrecked health, lost business, vanished happiness and misery of mind and body. Old John Barleycorn always collects and Death and Disease are the twins who trail behind. No matter how long that craving appetite has called you to take "just another drink" to quiet your nerves, you can break with the habit by taking the Neal Treatment. In three days this harmless vegetable remedy, taken wholly by mouth, changes desire for drink into intense dislike of everything alcoholic. There is no publicity. Write for free booklet. The Neal Institute, 1320 Main St., Columbus, O. Phone East 860. Other Neal Institutes located at Cincinnati, Pittsburgh and Cleveland.—(Adv.)

Notice to Water Consumers.  
Notice is hereby given that the  
rules of the water department were  
altered on July 1st, in conformity to  
the direction of the State Examiner.  
Water bills will become delinquent  
on the last day of the collection  
month, and will therefore be subject  
to shut-off without any previous no-  
tice by mail as heretofore. Water  
therefore ask all to see that their  
water bill is paid not later than the  
31st of July. We prefer all to take  
the discount allowable if paid before  
the 15th of this month.  
Meters should be paid in cash  
when signed for also.

W. C. T. U. Meeting.  
The W. C. T. U. will meet as usual  
Tuesday afternoon, July 11, in the  
parlors of the First Presbyterian  
church. All members please be present.

Attending Grand Lodge.  
Messrs. Otto Vogelmeier and ex-  
Sheriff Wm. Linke left Sunday for  
Baltimore where they will spend the  
week attending the grand lodge of  
Elks. Later they will visit New  
York, Philadelphia and Atlantic  
City.

Off for Baltimore.  
William Sherrard and M. C. Sen-  
niff, two popular B. & O. engineers  
left Sunday night for Baltimore to  
look in on the grand lodge meeting  
of Elks, both gentlemen being ac-  
tive members of the local order.  
From Baltimore Messrs. Sherrard  
and Seniff will visit New York and  
Philadelphia and may go to Atlantic  
City for a couple of days.

Fence on Fire.  
A fence fire at the home of Wil-  
liam F. Connell in 105 Jefferson  
street at 3 o'clock Saturday after-  
noon was quickly extinguished when  
the fire trucks of the central station  
responded to the alarm. The fire  
trucks arrived just in time to pre-  
vent the flames spreading to nearby  
buildings.

Christian Endeavor Meeting.  
The monthly business meeting of  
the Christian Endeavor Society of the  
Central Church of Christ will be held  
on Tuesday evening July 11, at the  
home of Miss Lola Barrett, 102 Ash  
street. A social session also will be  
held and the young people of the  
church are invited.

Birth Announcement.  
Mr. and Mrs. Thomas Ralph of  
Cleveland announce the birth of a  
son July 7, 1916. Mrs. Ralph was  
formerly Miss Frances Collins,  
daughter of Mr. and Mrs. Richard  
F. Collins of Hudson avenue.

Granted Patent.  
The patent office record shows the  
recent issue of a patent to C. A. Mc-  
Neal, of Newark, for an inter-  
changeable letter sign.

In Police Court.  
Three youths, arrested at 1:30  
o'clock this morning and charged  
with loitering and disorderly con-  
duct, were arraigned before Mayor  
Bigbee this morning. One of the  
youths was found not guilty, and one  
fined \$5 and costs on each charge  
with the fine and costs suspended on  
condition of good behavior, and the  
case of the other was continued till  
Tuesday morning.

Ladies' Aid Picnic.  
The Ladies' Aid Society of the  
Fifth Street Baptist church will hold  
their annual picnic tomorrow at the  
home of Mrs. James Crewell on the  
Mt. Vernon road. Come bring well  
filled baskets, also bring your hus-  
bands for dinner.

Back From Vacation.  
Attorney B. G. Smythe and wife

and Washington Henderson returned  
last evening from a three weeks'  
trip in the northern peninsula of  
Michigan. They report a delightful  
time and some excellent fishing at  
Brevort lake. Mr. Ed J. Maurath  
who accompanied the party remain-  
ed at Macinac Island for a couple of  
days' visit with old friends.

Having Good Time.  
The members of the Yellowstone  
Fishing club who left Newark a week  
ago yesterday for a three weeks  
camp at Brevort lake report that  
they are having a great time and also  
catching some big fish. The boys  
have rented a furnished cottage on  
the shore of the lake, have a cook to  
look after their wants and they  
keep the larger well supplied with  
fish and game.

Open for Business.  
An office was opened today in the  
Gallagher stand in the alley in West  
Main street between Third and  
Fourth street, by the Bowman-Pieri  
taxi cab line. Both phones have been  
installed and Mrs. Lucile E. Brown is  
in charge.

To Play on Boat.  
John Bergamo, clarinet player  
with the Auditorium orchestra, left  
Sunday for Detroit where he has ac-  
cepted a position for two months on  
one of the D. & C. boats plying be-  
tween Detroit and Cleveland. Mr.  
Bergamo will return to Newark in  
the middle of September.

At Shriners' Meeting.  
C. H. L'Long, editor of the Ameri-  
can Tribune left Sunday for Buf-  
falo to attend a meeting of the  
Shriners. Mr. Long expected to take  
a boat at Cleveland and will also re-  
turn from Buffalo to Cleveland by  
water.

## OHIO MILITIA

(Continued from Page 1.)

keeping these men in the service.  
Members of the artillery battalion  
today had as a part of their equip-  
ment a large observation balloon  
and 4,000 feet of cable; the gift of  
an Akron rubber company. Sergeant  
Raiph Upson of Akron will operate  
the balloon.

Thousands of visitors were at the  
camp yesterday.  
Work of equipping members of  
the eighth regiment was resumed  
with vigor this morning and by  
nightfall members of this regiment  
will have complete outfits. Rumors  
that the eighth will be ordered to the  
border tomorrow or Wednesday were  
rife at camp today, but Colonel Ed-

ward Vollrath, commanding the re-  
giment declared he had received no  
official notification.

Determining whether Ohio Nation-  
al Guardsmen who are rejected by  
federal mustering officers at Camp  
Willis shall remain in the organiza-  
tion of state militia or be rejected from  
these ranks as well, is a matter  
which Robert W. Mearns, chief must-  
ering officer, has submitted to Gov-  
ernor Frank B. Willis.

"The governor has the question un-  
der advisement and will announce his  
decision soon, it was stated today.

With the exception of Company F,  
of Circleville, mustering of the  
Fourth regiment had been complet-  
ed today and checking of it prop-  
erly had been started. Other units  
 slated for mustering today were the  
first field hospital and the second  
ambulance company.

Word from the war department  
removing the disqualification against  
the Circleville company were momen-  
tarily expected by Col. B. L. Barger  
today. The way will be cleared then  
for the federalization of the com-  
mand the fourth regiment to be  
completed, the Eighth, Sixth and  
Fifth having preceded it.

The field and staff officers of the  
Fifth regiment were to complete  
their trip through the mustering mill  
today.

The prize-winning story of how a  
guardsman "got by" federal exam-  
ining officers was being told in Camp  
today. Tales of men drinking large  
quantities of water or eating prodig-  
ious amounts of food are compara-  
tively common about camp, a number  
of men having in this way suffi-  
ciently amplified their weight to  
meet federal requirements but Sun-  
day, according to the latest story, a  
Cincinnati guardsman was a half-  
inch lacking in height—and knew it.  
He knew others had been rejected  
for no more serious defects and de-  
cided not to take the chances.

Out behind a shower-bath house,  
according to the story, a stalwart  
mess-mate of the guardsman applied  
a broomhandle.

In a half hour when the man was  
called for examination two well-de-  
veloped bumps on the trooper's cran-  
ium got him safely by the man with  
the measuring apparatus.

Colonel Joseph A. Hall, chief  
medical officer, today reported 31  
men answered sick call.

"Camp Willis contains the most  
healthy 11,000 men in the United  
States," was his comment on the  
fact.

Officers today declared mustering,

examination and drill would be suf-

ficiently advanced by the end of the  
week to make possible regimental  
drilling next Sunday. To date, how-  
ever, drills have been continued to  
squads and companies.

Pushing a wheel-barrow, a negro  
trooper from the Ninth battalion was  
last night challenged by a guard  
near General John C. Speaks' tent.  
"Want to see the genral," he ex-

plained to the guard.

Asked his business, the negro de-  
clared a corporal in charge of his  
company's kitchen had told him to go  
to the "genral's" tent and get an  
"oven wrench."

Mr. W. H. Lautenschlager of  
East Church street, left today to be  
the guest of friends in Detroit, Mich.,  
and Cleveland for a few weeks' visit.

Walter Stoupler, who has been  
in Alliance, O., for several months,  
was in the city Sunday, enroute to  
Louisville, Ky., for a week's visit.  
His sister, Miss Viola Stoupler, ac-  
companied him from Newark to  
Kentucky.

Mr. Leslie McIntire of Detroit,  
Mich., left this morning, after visit-  
ing a week with friends and rela-  
tives in Newark.

### ANNIVERSARY OF UTICA CHURCH OBSERVED SUNDAY

[Special to The Advocate]  
Utica, O., July 10.—A unique  
meeting was the last regular session  
of Licking lodge, No. 291, F. and A.  
M., held Wednesday in the local hall.

The occasion was the conferring  
of the M. M. degree on four candi-  
dates. Work commenced at 3 in the  
afternoon and by supper time the  
first division was completed. From  
6 to 8 o'clock an excellent three  
course supper was served at the  
Licking lodge. About 85 mem-  
bers and visitors. After supper the  
work was completed. Licking lodge  
was assisted in the work by Ohio  
lodge from Bladensburg and Farm-  
ers' lodge of Fredonia. Masons were  
present from Mt. Vernon, Bladens-  
burg, Martinsburg, Homer, St. Louis-  
ville, Fredonia, Johnstown, Newark,  
and vicinity. Everyone seemed to  
enjoy himself.

Mrs. Cal Lamson and family have  
been spending the last few days with  
friends in Columbus.

The ministerial association of the  
village has formulated a plan to  
supplant the usual union services for  
the remainder of the summer. Each  
Sunday evening all the churches will  
be invited to attend as guests the  
services of one church. This plan  
seems to meet with general ap-  
proval.

Last Saturday the contract for  
street paving was let to Henderson  
Brothers of Coshocton. When com-  
pleted this company will have the  
honor of having done all of the pav-  
ing in the village.

The services connected with the  
celebration of the seventieth anni-  
versary of the Christian church of  
the village were held Sunday, July  
9. It was an all-day service, dinner  
being served by the congregation in  
the church. The Rev. and Mrs. F.  
B. Ritchey of Danville were present  
and assisted in the work.

### Granville

[Special to The Advocate]  
Granville, Ohio, July 10.—Heavy  
showers yesterday afternoon have  
cooled the air, laid the dust, and wa-  
tered the gardens, and the village  
seems revived and refreshed. If it  
would do any good one might plead  
that "enough is a plenty," but expe-  
rience has proved that the weather  
man takes no man into his confi-  
dence, and bestows no special privi-  
leges. At a point three miles north  
of Granville no rain fell.

The O. E. company has a gang of  
workmen engaged in moving the  
street car track to the north side of  
Broadway during the time it will  
take the paving contractors to do  
the necessary excavating in the cen-  
ter of the street.

Hon. Myron T. Herrick of Clevel-  
and, candidate for United States  
senator from Ohio, spoke at one  
o'clock today to a large crowd of old  
friends and admirers. His speech on  
"Preparedness" was well received.

Mr. Herrick spoke from the steps  
of the Methodist church at 1 o'clock  
and was introduced to an audience  
of about 300 by Attorney Ray Mar-  
tin of Newark. Accompanying Mr.  
Herrick were Edward Coffman of  
Columbus, C. N. Moore, Carl Nor-  
pell, Michael Sachs, Charles Hoover  
and Orville Kizer of Newark. The  
party left Granville for Johnstown.

Many besides the regular congre-  
gation assembled in St. Luke's  
church yesterday forenoon to hear  
the sermon by the venerable Arch-  
deacon Joseph H. Dodson which  
was pronounced one of the finest  
discourses heard in that church in  
years.

At the union service in the Pres-  
byterian church in the evening there  
was a good attendance and an ex-  
cellent sermon on "The Golden  
Rule" by Rev. Millard Brelsford of  
the Baptist church. Special music  
under direction of Mrs. J. W. Rhorer  
consisted of an anthem "Teach  
Me, O Lord," by Mrs. Rhorer and the  
choir, and an offertory trio "My  
Lord and Master While I Stay," by  
Mrs. Rhorer, Mrs. W. P. Ullman and  
Mrs. J. D. Thompson.

The rumor has been confirmed  
that a delightful play is to be pre-  
sented this month under direction of  
Miss Helen Baldwin of Joliet, Ill., for  
the benefit of the Granville public  
library. Rehearsals are in full  
swing and the six young people in  
the cast are sure to acquit them-  
selves with distinction under such  
teaching. The date set is the eve-  
ning of July 27, in the Granville  
opera house.

Prof. and Mrs. C. E. Goodell were  
honored guests at dinner yesterday  
at the home of Mr. and Mrs. C. E.  
Frank in Centerville street.

Mrs. C. J. Eddy, formerly Miss  
Amy Lyon of Shepardsburg college,  
who has been visiting her sister,  
Mrs. W. P. Ullman, left last evening  
over the Pennsylvania road for the  
return trip to her home in Billings,  
Mont.

Miss Harriet Rogers and her house  
guest, Mrs. Eliza Alberty, of Okla-  
homa, were honored guests at lunch-  
on Saturday at the home of Mrs.  
F. L. Ferguson in South Mulberry  
street.

Mr. Frank Moore, a prominent at-  
torney of Mt. Vernon, and Mrs.  
Moore, week-end house guests of  
Prof. and Mrs. Theodore Johnson,  
left today for their home.

Mrs. R. J. Sims and Miss Jessie  
Wright of Cleveland who spent last  
week at the charming new home of  
their brother and sister, Mr. and Mrs.  
C. J. Wright in Centerville street,  
have returned to their homes.

The death of Mr. John Martin  
Robinson occurred this morning in  
West Broadway, following a pro-  
longed illness. Mr. Robinson, who  
was an invalid for several years has  
been critically ill for only a short  
time, and his death, while expected  
was as death always is, a shock to  
his two sons.

John M. Richardson was born at

Cadiz, O., on July 4th, 1858, and was  
therefore almost exactly 80 years of  
age. He has been a resident of  
Granville for nearly half a century,  
where he has been identified with  
the best interests of the town and  
community. He was a charter mem-  
ber of the Granville Building and  
Loan Association in which he served  
as an officer and was a charter mem-  
ber of the Granville Bank company  
which he served for several years as  
president. He was a member of the  
Presbyterian church and until his  
illness laid him by from active work  
was a factor in many public activi-  
ties. He is survived by his two sons,  
Frank and Hubert Robinson, his de-  
voted wife having preceded him over  
a year ago. Funeral services will be  
held at the residence, Wednesday af-  
ternoon at 3 o'clock.

News has been received here of  
the sudden illness and death of Mrs.  
I. B. DeLaney, formerly Mary Osborn  
of Granville, at Chippewa Falls,  
Sunday afternoon. No details are  
given, save that she was taken ill in  
the morning and died in the after-  
noon. Mrs. DeLaney is remembered  
by many Granville people, as her  
father was a professor in Denison.  
Mary and her three brothers were  
left orphans at an early age and  
owned the house at the corner of  
Cherry and Elm streets, which they  
sold to Dr. L. E. Davis. The family  
have many warm friends in the vil-  
lage who will be saddened by the  
tidings of Mrs. DeLaney's death. She  
leaves a husband, two daughters,  
a son and two brothers, Ben and Isaac  
Osborn to mourn her death.

### ELKS' CONVENTION AT BALTIMORE IS TO OPEN TONIGHT.

[Associated Press Telegram]  
Baltimore, July 10.—A few hours  
before the formal opening here to-  
night of the national convention of  
the Benevolent and Protective Order  
of Elks a great patriotic celebration  
will be held at Fort McHenry.

The contest for grand exalted  
ruler between Edward C. Richter of  
New Orleans, so-called organization  
candidate and Lloyd H. Maxwell of  
Chicago, has aroused much interest.

## The Sort of Service This Store Provides For The Young Men

THE HERMANN Service for young men is truly  
an unusual thing—it is conscientious effort to pro-  
vide the style character that young men prefer.

THE young fellow who wears HERMANN Smart  
Clothes knows that his years have been fitted, as  
well as his body, with breezy style service, a different  
style service, but none the less dignified style service.  
Exceptional values at  
**\$10—\$15—\$20—\$25**

Advertise,  
So We Do.

## a vacation is the wise man's safety-valve

"In the summer time a man's brains are quite apt to  
take a vacation whether he plans it or not. The "no-  
body home" season is one of restful upbuilding"—  
says the Old Philosopher.

—You should add to your vacation plans a few camp  
stools if you're going out into the open, or spend  
part of your time during your trip planning how to  
make your home more beautiful and comfortable  
upon your return. Come in and see us when you get  
back.

—You do not have to spoil your vacation by paying  
cash. Use our credit plan.
